

TWO ADDITIONAL CONTRACTS FOR VFW HOME LET

Contracts for painting and installation of air conditioning in the new home of the local Veterans of Foreign Wars were let Wednesday evening at a meeting of the post and home association at its present home on Carlisle St.

Hubert Simpson, Gettysburg R. D., was awarded the contract for installation of the air conditioning for \$13,883.50, the lowest of several bids. His bid also included removal of some equipment from the present home to the new home on E. Middle St.

John Edward Kerrigan, E. Middle St., was awarded the painting contract. His bid of \$2,335 was the lowest of several.

Last Meeting In Old Home
Wednesday night's session was the last to be held in the present home which the post has sold to Gettysburg College. The college will take possession as of Sunday and will convert the building for dormitory purposes.

Some equipment was moved from the VFW home Wednesday night following the meeting to warehouses where it will be stored until the new home is constructed on E. Middle St.

Other equipment will be moved Saturday to the former POS of A rooms on Chambersburg St. The post will meet there temporarily until its new home is completed.

Ready In Spring
A number of renovations of the POS of A quarters are being effected at the present time, it was announced, and as a result the quarters will not be usable for the members for about two weeks. By that time the membership hopes to have painting completed, furniture installed and the rooms generally ready for use until the group can move next spring to its new permanent home.

Named by the post as its representatives on the Gettysburg Hall—

ADAMS COUNTY YOUTH WINNER AT PENN STATE

James C. Behney of York Springs was first place winner in tractor maintenance competition in judging Wednesday at Penn State during the annual 4-H Week.

STATE COLLEGE, Pa. (AP)—Some 1,100 4-H Club members from all parts of the state today heard talks on farming methods as the 30th annual Club Week drew to a close.

For some of the 400 youngsters who participated in judging and other contests, the four-day program was a huge success. Trophies and plaques were awarded in all phases of competition.

"For the others who didn't win any awards, the program was one loaded with the fun of competition, even in loss," a spokesman said.

Swine Judging Winners
A Clinton County team won the swine judging contest for the second consecutive year to gain another leg on the coveted trophy of the Pennsylvania Swine Breeders Assn.

The championship team consisted of—

Special Events At Park On Wednesday

A Special Events Night held Wednesday at 7 o'clock at Recreation Park featured a scavenger hunt and a peanut hunt. The 15 entries in the scavenger hunt were divided into three teams, with the winning team composed of Betsy Oyler, Edna Jeffcoat, Martin and Stephen Olson and Don Baker. There were 30 participants in the peanut hunt.

Recreation officers call attention to the fact that the playground will close August 20. Numerous articles picked up on the grounds through the summer can be claimed at the park. The list of found articles includes keys, jackets, shirts, etc., whose ownership the officers have no way of knowing.

WILL IS FILED
The will of Bertha K. Stockinger, late of Franklin Twp., was entered for probate Wednesday afternoon in the office of the register and recorder. A brother, Robert P. Sheely, Biglerville R. D., was named executor of the estate valued at \$12,500.

COUPLE LICENSED
A marriage license was issued this morning at the court house to Dewey B. Ritter and Jelana Harriet Heberling, both of Muncy, Pa.

Services Held For Victim Of Accident

Last rites for Mrs. Ella B. Rorer, wife of Duward E. Rorer, Hanover, R. 1, killed instantly about noon Sunday when her motorcycle collided with a car near Bonneville, were held Wednesday afternoon at the home of her parents, Mr. and Mrs. William French, Hanover.

Rev. Mrs. Liza Myers, Gettysburg, officiated. Interment was in Mount Olivet Cemetery, Hanover. Serving as pallbearers were Lloyd Laugerman, Earl Martz, Donald Gallagher, Levi Hull, John Morehead and Roy McMarshall.

Flower bearers were Mrs. John Stallsmith, Mrs. Levi Hull, Mrs. John Morehead, Mrs. Lloyd Laugerman, Mrs. Donald Gallagher, Mrs. Vernon Brown, Mrs. Josephine Hefflin, Helen Hefflin and Mrs. Bernard Toomey.

Mrs. Rorer's husband has been discharged from the Warner Hospital, where he was admitted as a patient when his motorcycle skidded on a gravel driveway as he attempted to avoid colliding with the same car struck by his wife.

ANTIQUE SHOW BEGINS FRIDAY IN HOTEL ANNEX

Antique dealers from several eastern states will enter exhibits in the second annual Antique Show sponsored by the Junior Chamber of Commerce Friday, Saturday, and Sunday in the annex of the Hotel Gettysburg. The show will be open daily from 10 a.m. to 10 p.m.

Donald Trone, Jaycee general chairman, this morning announced that attendance is expected to exceed that of last year when approximately 700 spectators attended a two-day show also conducted at the annex.

Trone said that space so far has been contracted to house 13 booth exhibits.

Articles For Sale
The dealers will display such antique items as furniture of all types, china and glassware, jewelry and silver, and toleware. All booth articles will be offered for sale.

The Junior Chamber will offer daily door prize which will be announced each evening shortly before closing time. Winners do not have to be present to collect the awards. Admission to the show will be 50 cents for adults.

Trone said the sale of an antique spice chest will be one of the features of the 1954 Antique Show. Proceeds will be turned into the Jaycee "Santa Shanty" fund to outfit Saint Nicholas on his yearly visit to Gettysburg.

The chest is now on display in the window of the MacDonald Co., 61 Chambersburg St. It will be exhibited at the show.

GIVE CONTRACT FOR MOUNT HALL

Contracts for the construction of Pangborn Hall, new Mount St. Mary's College dormitory, were awarded to the Dee Equipment-Engineering Company, Inc., Baltimore, according to an announcement made today by the Rt. Rev. Msgr. John L. Sheridan, president of the college.

The Baltimore firm was low bidder for the new project with a base figure of \$398,426. Construction will begin immediately with quarrying operations at the college quarry. The new building is expected to be ready for residence in 1955.

The three-story building is the gift of Thomas W. Pangborn and John C. Pangborn, Hagerstown industrialists, through the Pangborn Foundation.

It will be a senior residence to accommodate 129 students on the three floors containing 60 double rooms. The first floor of the building will contain a chapel and there will also be a lounge and recreational facilities. The building will be located on the north side of the campus facing U. S. 15. Edward Torney, Baltimore, is the architect.

DEATHS

Paul David Shank
Funeral services were held this afternoon from the Diehl Funeral home, Mt. Wolf, for Paul David Shank, 60, husband of Mrs. Carrie Isabelle Shank, Mt. Wolf, who died Monday at this home after a short illness.

Mr. Shank had been a Mt. Wolf barber for 30 years and before that worked in barber shops in Biglerville and Harrisburg. He was a native of Adams County.

Also surviving are a stepson, Edward Bennett, York, a sister, Mrs. Wilmer Deardorff, York, and two nieces.

SHEELY LAUDS LITTLE LEAGUE CIVIC SPIRIT

The Cubs, sponsored by the local Moose lodge, were presented with a trophy for winning the league title at a dinner held for the members of the Little League of Gettysburg, Wednesday evening at the Moose home.

Presentation of the cup was made by the league president, Charles A. Smith, on behalf of the Gettysburg News and Sporting Goods Agency which donated the award.

Glenn L. Bream presented each of the 40 youngsters present for the dinner with pictures of the teams. The league comprises four squads sponsored by the Moose, Lions, Rotary and G. L. Bream, Inc.

Twenty representatives of the sponsoring groups, coaches, managers and officials were also present for the annual dinner.

Judge Sheely Speaker
Judge W. C. Sheely was the principal speaker. He praised the boys, aged 9 to 11, for their participation in the sport. "We, all of us, must remember who we are. You, as youngsters, are just as much citizens of our country, our state, our community, our churches and our homes as are the adults. And as good citizens all have certain responsibilities to each other, the home, the church, the community and the state and country."

"I can congratulate you as good citizens, for you have already shown a desire to meet your responsibilities of citizenship. You are already participating in the affairs of your community by playing in the Little League. Not only are you learning to play ball, but you are working

OFFICERS ARE RE-ELECTED AT WCTU SESSIONS

Departmental reports, re-election of all officers and an address by Mrs. Helen Sealover of East Berlin were highlights of the annual county convention of the Adams County Women's Christian Temperance Union in the Methodist Church here Wednesday evening.

Mrs. Calvin Leer, York Springs, presided with representatives of units at Mt. Joy and Gettysburg in attendance.

Mrs. Leer was re-elected president during the business session and these other officers were named for another term: Vice president, Miss Marjory Scott, Mt. Joy; corresponding secretary, Mrs. Florence Grindler, and recording secretary and treasurer, Mrs. Cora Berkey of Gettysburg.

In the main address of the evening Mrs. Sealover told the convention about the school of alcoholic education which she attended recently at Juniata College, Huntingdon, Pa.

Devotions were conducted by Mrs. Ralph Heikes, York Springs. There was a trombone solo by Shirley Eggleston, Mt. Joy, and a piano solo by Miss Martha Heikes, York Springs.

Reporting as head of the department of flower mission and relief, Mrs. Emory Zepp said there were 232 visits to institutions and shut-ins in the county during the last year; 1,284 bouquets were given out; food was given in 101 cases and \$54 in cash was donated. Mrs. Berkey reported for the Union Signal, temperance publication; legislation, Miss Carrie Musselman; Sabbath observance, Mrs. Heikes; publicity, Mrs. Milton Remmel; corresponding secretary, Mrs. Grindler. A contribution for youth work was voted and a subscription to the Union Signal will be sent to a mission in Africa.

Big Truck Wedged Under Fire Escape

An eight-ton Rea and Derick, Inc., supply truck was wedged beneath an overhanging fire escape for more than one-half hour this morning in the alley between the Bender Building and the Thrift Plan Finance Corp., Baltimore St. The driver, enroute from North Cumberland, finally extricated the vehicle by releasing air from the tires and continuing through the area-way. The truck sustained two roof punctures.

JAILED FOR COURT
Albert L. Wildassin, Spring Grove R. 2, was committed to the county jail Wednesday in default of \$500 bail for desertion and nonsupport. Charges were laid by the defendant's wife, Mrs. Shirley L. Wildassin, East Berlin R. 2, before Justice of the Peace Robert P. Snyder. Wildassin will appear at the August 20 term of non-support court.

PASTOR TO WED
Rev. Edgar Sheely Jr., East Berlin Reformed charge student pastor, will be married to Josephine Gibson, Upper Sandusky, O., on September 3 at Upper Sandusky. The charge will hold a reception for Rev. Sheely and his bride September 7 at 7:30 p.m. in St. John's Church.

\$8,000 Blaze Destroys Barn On Davis Farm, Near Fairfield

Damage was estimated at \$8,000 by Fairfield Fire Chief Roger Myers when a barn at the farm of Robert W. Davis, near Fairfield, was consumed Wednesday afternoon by flames apparently caused by spontaneous combustion.

Destroyed with the barn was the year's harvest of wheat and hay, with Mrs. Davis estimating that loss at "far more than \$1,000."

Some farm machinery stored in the barn also was destroyed including a manure spreader and smaller articles of farm equipment. The loss was partially covered by insurance.

Two horses on the farm were in pasture at the time of the blaze.

Discovered About 4 P.M.
Mrs. Davis and her four children left the farm about 2:30 o'clock Wednesday afternoon to drive to Gettysburg where they met a friend from Florida, their home state, who had arrived here enroute to visit Mr. and Mrs. Davis. Mr. Davis was at the Ollie Sanders home throughout Wednesday and Thursday assisting Mr. Sanders in work there.

Mrs. Davis, her children and friend arrived back at the farm, one-fourth mile south of Fairfield on the Emmitsburg Rd. about 4 o'clock, she said.

Everything seemed to be in order when they drove up to the house. She added: "We had just gotten out of the car and had gone into the house. Robert (her son) went out in back and then he came running into the house saying fire was flying out of the roof of the barn."

Local Company Called
The group ran to the rear of the house and found the barn was being engulfed in flame. The Fairfield Fire Department was called.

Field firemen, arriving at the scene, found the flames licking at a chicken house and other frame sheds near the barn and at the dwelling house, only a short distance from the blazing structure.

They called Gettysburg to give assistance in preventing the blaze from spreading to the other buildings. One shed was badly scorched on the side facing the barn. The chicken house suffered less damage and by concentrated effort firemen prevented any damage to the home.

Firemen pumped water nearly one-fourth mile to the scene, drawing from the fire pond constructed some time ago in the borough, and located along the road leading to Emmitsburg from Fairfield.

Spreads To Field
With the large frame barn completely burned and with only the silo standing, the straw, hay and when inside the structure continued to burn briskly through the night. Fairfield firemen remained on duty throughout the night and continued their visit today to prevent spread of the blaze.

Grass in fields adjoining the barn also caught from the conflagration and 30 to 40 youngsters were directed by firemen in beating out the blaze as it spread 50 to 60 feet from the barn.

The Davis children had saddled the two horses Thursday morning and after riding them for a time had turned them out to pasture, rather than putting them back into the barn.

Mr. Davis took possession of the farm last October and Mrs. Davis and the children moved here from Florida this spring.

HUGE AIR ALERT SUNDAY IN AREA

Fire-fighting forces of Dauphin, York and Adams Counties will unite with the Cumberland County Civil Defense Administration this Sunday in staging a huge alert test, "Operation Wake Up," in Mt. Holly Springs.

All participating vehicles are due to start at 1:10 for Mt. Holly Springs.

Simulated fires will rage in the borough's downtown area, with the pretended destruction of its water mains adding to the emergency. Dale E. Murphy, county co-ordinator, announced. Ray Kelly, county fire adviser, Frank Frey Jr., county fire chief, and George Peterson, borough fire chief, will co-ordinate the various forces.

All fire and emergency equipment, as well as ambulances, will be restricted to a speed of 45 miles per hour for the sake of safety, authorities said. During the operation, five or six fire trucks will be designated to stand by to answer possible fire calls from real blazes.

Gettysburg firemen will be among a number of Adams County units participating in the test.

Tough Old President Of Brazil Rides Out Crisis

By STANFORD BRADSHAW
RIO DE JANEIRO, Brazil (AP)—Tough old Getulio Vargas—former dictator turned constitutional president—appeared today to have surmounted one of the gravest crises of his long, turbulent career.

The 71-year-old leader apparently has weathered a wave of military and civil unrest that might have forced his resignation, but it may be one of the last major battles for the wily old politician. His term expires Jan. 31, 1956, and under Brazil's constitution he cannot run again until five years—one term—later. By then he would be 77.

The crisis was touched off by an assassination attempt last Thursday on anti-Vargas editor Carlos Lacerda in which a popular air force officer, Maj. Ruben Vaz, was killed. When employees at the presidential palace were linked to the crime, Vargas was accused of laxity. Two persons were injured in rioting yesterday.

Threat Seems Over
But an end to the threat to the president was indicated by these events:

1. Vargas was flying today to Belo Horizonte to inaugurate a new German-built steel mill and to

FIRE COMPANY ACTIVITIES NET "ABOUT \$9,000"

Net profit from the 91st Battle Anniversary observance will be "about \$9,000" Chairman Raymond E. Menges told the Gettysburg Fire Department at its meeting Wednesday night in the former CCC camp along W. Confederate Ave.

Menges said income so far totals \$13,716.42 while expenditures paid so far total \$10,978.11. Some additional sums from sale of merchandise left over from the carnival, and from the solicitation, are still expected, he added. In addition there are few bills still outstanding.

Vice President Richard M. Cole presided at the meeting in the absence of President William G. Weaver.

Delegates Appointed
Cole appointed the following as delegates to the Adams County Firemen's Association meeting to be held Labor Day at McSherrystown: David Baker, Donald Baker, John Basehor, Raymond Bisbing, Charles Bollinger, Edgar Bowling, John Bowling, Ivan Breighner, Ray Breighner, and Alvin Bupp.

Named as alternate delegates were Lawrence Grot, Walter Johnson, Robert L. Heyser, Charles E. Kranias, Harvey C. Gastley, Eugene F. Sanders, Martin L. Crabbil, Paul Anzenberger and Charles Baker.

Named by Cole to the duty roster for the September meeting were Donald McSherry, George March, Charles Mayhall, William Mellors and Raymond Menges. The September meeting will also be held at the CCC campsite.

PLAN REDDING REUNION
The annual reunion of the Redding family will be held at the South Mountain Fairgrounds on Sunday starting at noon.

BIRTH RATE IS STILL ON RISE

Births this year continued at a higher rate than last according to the records of Ralph C. Geiselman, registrar of vital statistics for the Gettysburg area.

Eighty-four births occurred in the district, all in Gettysburg, during July. The number compares to 75 for the same month a year ago. The births included 47 male and 37 female.

Deaths during the month totalled 24, compared to 21 for the same month in 1953. The deaths included 13 male and nine female in Gettysburg, one female in Cumberland Twp. and one female in Highland. There were no births or deaths reported from Straban and Freedom Twp's.

During the first seven months of this year there have been 566 births in the district, comparing to 531 births for the same period last year. There have been 125 deaths so far this year, compared to 146 for the same seven months in 1953.

SERVICES HELD AT FAIRFIELD

Graveside services were held this morning at the Fairfield Cemetery for Patsy Ann Jeffcoat, daughter of Ivan Glenn and Betty Jane (Shultz) Jeffcoat, 126 West St., who died at birth Wednesday evening at the Warner Hospital.

Surviving in addition to the parents are three brothers, Ivan Jr., John and Philip, and a sister, Edna, at home; the paternal grandparents, Mr. and Mrs. Clarence Jeffcoat, Gettysburg, and the maternal grandfather, Howard Shultz, Biglerville R. D.

Final Warning Is Given Tree Worker

A 41-year-old Littlestown tree worker has been ordered to cease annoying borough residents in his search for employment.

Borough police Wednesday advised Donovan Bowling, of 103 Lombard St., Littlestown, to proceed with his work but to stop "annoying" persons who do not want tree service.

Police said "one more complaint and he will be either escorted from the town . . . or given a place to stay."

Brothers-In-Law Are Involved In Collision

State police were called to what was alleged to be a hit-run accident at 4:05 Wednesday afternoon on one-tenth of a mile north of Biglerville on the Carlisle Rd.

Police said Marlin O. Taylor, 41, Biglerville R. 1, was driving a truck north and passed a truck-trailer driven north by Robert L. Baldwin, 33, Biglerville R. 1. As Taylor completed his pass, police said, a cross member at the rear of the Taylor truck nicked the fender of the Baldwin truck, causing \$5 damage to Baldwin's vehicle.

Taylor, who police said did not know the rear of his truck had caused the slight damage to the following vehicle, continued on while Baldwin called police to report a hit-run accident.

Police said the two men are brothers-in-law.

GAME TONIGHT

The Elks and Texas Lunch will meet tonight at 7:30 o'clock at the Recreation Field for the first in their series of games for the championship of the Community Softball League.

Locker Thief

George T. Glisson, Phoenixville, R. 2, who has admitted to 535 locker room thefts in the last three years, including four at Gettysburg College, where he secured several hundred dollars, may have participated in a larger number of thefts than the 535 known to have occurred, police said today. Including in the thefts may have been the "lifting" of \$1,325 from the doctors' locker room at the York Hospital last December. Today Bucknell and Susquehanna Universities were added to his list of victims.

ARRESTED FOR MAILING THREAT TO WOMAN HERE

James Hamilton Eyer, 33, Baltimore, was ordered turned over to federal authorities at Harrisburg Wednesday for prosecution on a charge he sent a threatening letter through the mails to Miss Mary Miller, aged 30, 41 W. Railroad St.

Miss Miller told a reporter for The Gettysburg Times today that Eyer was "a former boy friend." She said she received several threatening letters in which Eyer mentioned a gun frequently and threatened to come to Gettysburg after her.

She turned the letters over to Chief of Police Jack Bartlett and she said she understood the letters then were given to Postmaster Lawrence E. Oyler who called in the FBI.

Used Assumed Name
FBI agents arrested Eyer in a Baltimore rooming house August 3 on a warrant issued by U. S. Commissioner Horace G. Ports at York.

The warrant charged he threatened the life of Mary Miller unless she took a bus and joined him in Baltimore. The threat was incorporated in a letter Eyer is charged with mailing on July 21.

Donald K. Brown, special agent in charge of the Baltimore FBI office, said his men found Eyer living there under the name of C. Stodier.

9 TO COMPETE FOR TITLE OF "PEACH QUEEN"

Nine Adams County teenagers will compete Saturday afternoon at the Adams Electric Cooperative building, rear of N. Stratton St., in an event scheduled to name the county's first "Peach Dessert Queen."

The selection will be part of a state-wide contest, inaugurated this year to publicize peach desserts, similar to the events held to determine an apple queen and a cherry pie baking queen each year.

Mrs. Frederic E. Griest, Flora Dale, chairman of the Project Committee of the Ladies' Auxiliary to the Horticultural Association of Pennsylvania, who is in charge of the state-wide event said the contest will start at 1:30 o'clock Saturday afternoon. Adams County's queen, named at that event, will compete with similar queens selected by other counties for the state title.

Two Sisters Compete
The countians participating are Miss Janice E. Sanders, 17, Fairfield, R. 1; Miss Patricia A. Warrenfelt, 15, Aspers; Miss Ruth Miller, 17, New Oxford, R. 2; Miss Bonnie Taylor, 15, Flora Dale; Miss Nancy Tate, 16, and Miss Joan Tate, 15, sisters from Biglerville, R. 2; Miss Carolyn Raffensperger, 15, Biglerville, R. 2; Miss Elaine Altoff, 15, Biglerville, R. 2, and Miss Barbara Darrah, 16, Gettysburg, R. 1.

Serving as judges will be Mrs. Nelson Weber and Mrs. Glenn Slaubaugh, both of Biglerville; Mrs. Roy Tate, Arendtsville; Mrs. B. E. Benner, Fairfield; Mrs. Ryland Garretson, Benderville, and Mrs. John Wilson, Flora Dale.

The desserts will be on exhibit in the display window of the Bickle Insurance agency, Baltimore St., until (Continued on Page 3)

CLEAR DRIVER IN "HIT-RUN"

State police said today their investigation into a reported hit and run accident at Green Springs alleged to have occurred Tuesday night at 11:30 o'clock reveals that there was no "hit and run" involved.

Police said William Emlet, 16, Green Springs, had reported that a car had struck him and continued as he rode a bicycle in Green Springs.

According to police, the youngster was mistaken. Examination of the alleged car involved, discussion with the driver, and further discussion with the youth indicated that the boy was riding up hill on a bicycle and that because of the slow speed the bike became "wobbly" and tripped over as the car came upon the scene. There was no evidence that the car came into contact with the bicycle, or was close enough to come into contact, police said. Physicians' examination disclosed that there was no fracture of a collar bone, as the youth had feared, but that he suffered only bruises in the fall from the "bike."

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Ronald Wilson, Taneytown, announce the birth of a daughter Wednesday at the Warner Hospital.

A son was born Wednesday at the Warner Hospital to Mr. and Mrs. Carlton Ferguson, Fairfield.

Col. Robert Smith's Wife Dies Suddenly

Mrs. Anna Catherine Smith, wife of Col. Robert Smith, Caledonia, died unexpectedly of a heart attack Wednesday afternoon at 4 o'clock at her home.

The deceased was born in York, August 15, 1896, and would have reached her 58th birthday on Sunday. She was the daughter of John and Anna (Weaver) Plonk.

Mrs. Smith is survived, in addition to her husband, by a son, Robert McCaughan Smith, Bloomington, Ind.; three sisters, Mrs. Viola Wheeler, York; Mrs. John McGrath, Tampa, Fla., and Miss Mary Plonk, Baltimore; two brothers, Stewart and Henry Plonk, both of York, and two grandchildren.

Funeral services Friday morning at 10 o'clock from the Sellers Funeral Home, Chambersburg. Dr. Henry W. A. Hanson, former president of Gettysburg College, will officiate. Burial will be in Arlington Cemetery, Va. The family requests that flowers be omitted.

BIG CROWDS AT ADAMS CO. FAIR

Favored by perfect fair-going weather, a crowd of 3,500 persons Wednesday attended the second day of the seventh annual Adams County Fair, located midway between Abbotstown and East Berlin. The program will continue through Saturday.

Fair officials this morning estimated that the Wednesday crowd, added to a large opening night turnout, has brought in excess of 7,000 to the first two days of the five-day affair.

This evening, Jack Green, novelty musician, and "Doc" Dougherty, puppet and doll act, will provide the entertainment.

Meanwhile, fairground officers are preparing for what may be the largest attendance of the week, Friday evening, Dusty Owens, Columbia Records country and western singing star, will be the entertainment attraction that night. With him appear his radio-television stage show from the WWVA Hillbilly Jamboree in Wheeling, W. Va.

The county fair, which annually attracts both York and Adams County residents, this year features a county-wide arts and penmanship school exhibition as well as entries in the horticultural and home economics building and a large display of poultry and various makes of farm equipment.

Two new exhibit buildings have been added to the fairground property. They house gas company displays and wood-working machinery.

PLAN STRING OF RADAR TOWERS OFF EAST COAST

WASHINGTON (AP)—The Air Force says it plans to spend more than a million dollars a piece for a string of radar towers to be spotted in moderately shallow water about 100 miles off the Atlantic Coast.

The Air Force announcement yesterday did not give the number of towers planned in a move to give added warning of the possible approach of enemy bombers. Reportedly the chain will extend from Newfoundland to Norfolk, Va.

The tall sentinel posts, named "Texas Towers" because of their resemblance to offshore oil drilling rigs in the Gulf of Mexico, are designed to spot planes which might pass undetected through a more distant string of radar warning craft.

Cost Over \$15 Millions
The Engineering News-Record, a McGraw-Hill magazine published in New York, said the over-all cost of the towers would run from 15 to 20 million dollars, not counting radar and other equipment. The Air Force said basic construction alone would cost over a million dollars for each.

The News-Record said each tower, resembling a lighthouse except that the top will be filled with radar equipment, will stand on a platform of at least 15,000 square feet. That would be the equivalent of 100 by 150 feet, but the magazine said the shape will vary depending on the shape of the shoal on which it stands.

Each platform, the account continued, will have living quarters for 20 to 30 men, complete with power plant, sick bay, recreational areas and a space for helicopter landings.

Says Dickinson Is At New Cumberland

NEW CUMBERLAND, Pa. (AP)—Col. Ernest H. T. Schechinger of the New Cumberland Disciplinary Barracks said today Cpl. Edward Dickinson is now working among fellow prisoners as a supply clerk. Dickinson, sentenced to 10 years for collaborating with his Communist captors in Korea, has never suffered ill treatment at the hands of other prisoners, Col. Schechinger said.

The commanding officer said the only untoward incident occurred last month shortly after Dickinson arrived here.

"They hooted at Dickinson in the mess hall that one time," the colonel said. "An officer quieted things down and nothing has happened since." Col. Schechinger said Dickinson, on his own request, asked that he be kept in a separate cell. After a few nights, he rejoined fellow prisoners.

Ike Inches Nearer To Congress Battle

By JACK BELL
WASHINGTON (AP)—President Eisenhower appears to be inching into a leading role in the battle for control of Congress despite his avowed plans to remain aloof from local political skirmishes.

Administration leaders said today Eisenhower hopes to go on television and radio with a 30-minute talk on the administration's legislative record within 24 hours after Congress ends its regular work, probably next week.

Eisenhower told his news conference yesterday he was planning what he called a little bit of a talk to review Congress' record since he took office in January 1953. He added he didn't want to cheat on himself by saying any more at this time.

But administration officials who asked anonymity said preparations for the appearance have been under way for a long time.

Ford Production At Chester Is Resumed

CHESTER, Pa. (AP)—Production at the Ford Motor Co. assembly plant in Chester returned to normal today after a half-day work stoppage by some 2,000 production and maintenance employees.

The workers walked off their jobs shortly before noon yesterday to attend a union grievance meeting.

The meeting was held in a nearby hall. Anthony Rossi, president of Local 918, CIO United Auto Workers, said in a speech the company had cut out some jobs, speeded up the assembly line and indulged in "personal retaliations."

Sally Rand Weds Between Fan Acts

LAS VEGAS, Nev. (AP)—Pan dancer Sally Rand changed into a simple frock between performances early today for a surprise marriage to former Los Angeles contractor Fred Lalla.

Afterward she slipped back behind her fan for the next show. The dancer, believed to be 52, and twice married previously, listed her age as "over 21" on the marriage license as did Lalla, who said earlier he was 35.

The short ceremony was performed at Hotel Last Frontier where Miss Rand is appearing. Her adopted son, Sean, 6, was among those present as the Rev. Thomas Daly, a Lutheran minister, officiated.

Angry Controversy On Big Money Bill

WASHINGTON (AP)—A Senate-House Conference Committee on a two-billion-dollar supplemental money bill was reported today to have broken up in angry controversy. Members said the group may not meet again until next week.

The conferees were said to have deadlocked over Senate inclusion of \$8,275,000 for rivers and harbors projects on which the House had not acted.

The bill carries funds for a variety of government activities for the current year.

AUTO WORKERS TAKE 2ND VOTE ON WAGE CUTS

By RELMAN MORIN
SOUTH BEND, Ind. (AP)—Thousands of Studebaker automotive employees prepared to vote today on an issue of immense potential importance to the whole of American industry — whether to accept a cut in pay so that the company can cut its costs.

Studebaker officials have told a local union of the CIO United Auto Workers that the wage adjustments are necessary for competitive reasons.

Union officers who worked out the proposals in lengthy negotiations with the company have urged the membership to accept.

14 Per Cent Cut
The reductions would be effected by elimination of piecework and incentive pay pay.

The cuts amount to an average 14 per cent of the payroll. A union official estimated that the reductions would range from a minimum of \$12 to a maximum of \$20 per week.

The company contends it is paying an average hourly wage of \$2.39, compared with \$2.03 by its principal competitors. Studebaker reported a net loss of nearly nine million dollars for the first six months of this year.

Top executives last April accepted salary reductions ranging from 20 to 30 per cent on all salaries above \$30,000 a year.

Today's balloting is the second vote on the proposal for pay reductions of the other employees.

Rejected Once
Nearly 5,000 members of the union a week ago rejected the proposed agreement. Union officials said the vote was "very close." They said, however, that the attendance at the original meeting represented less than half the union's present membership of 10,500.

Two days later, the company gave notice that it would end its present contract with the union in 60 days. Louis J. Horvath, president of the local, then announced a second meeting would be held to reconsider the proposal. He said the decision to take another vote was made unanimously by the 20-man executive board. Horvath said the board had received a number of petitions asking to reconsider.

He estimated that nearly 8,000 members of the union would attend today's meeting.

COOL WEATHER WILL CONTINUE

By THE ASSOCIATED PRESS
Pennsylvanians wondered today whether it was summer or fall.

The calendar said Aug. 12, usually the time for heat and humidity, but the weather was cool—and going to stay that way at least through Saturday.

Philadelphia's weatherman, Henry P. Adams, said the extremely pleasant—and unexpected—cool weather was the result of an "extra powerful" high pressure system from Canada.

More Of Same Ahead
The thermometer dropped to an official low of 57 in Philadelphia during the night, but it was even cooler in other places in the Keystone State. For instance:

Valley Forge 51, Wilkes-Barre-Scranton 51, Allentown 50, Williamsport 48, Harrisburg 56, Pittsburgh 52.

There will be "very little change in temperature"—as the weatherman puts it—tomorrow, and no rain is expected.

Philadelphia's cool 57 was the lowest in the Quaker City since the 59 recorded last June 19—and the lowest for Aug. 12 since 1930.

Adams said, "You don't get this type of high pressure system at this time of the year."

Nobody, however, was complaining.

NEW YORK (AP)—The AFL Executive Council says a "new anti-labor policy" has been put into effect by the National Labor Relations Board, and "eventually the Eisenhower administration must be held responsible."

After the Council made the declaration in a statement yesterday, a spokesman asked AFL president George Meany what "eventually" was intended to mean.

TOUHY JAILED AFTER 2 DAYS FISHING TRIP

CHICAGO (AP)—After two days of freedom, Roger (the Terrible) Touhy, was back in jail today and faced the possibility of spending the rest of his life in prison.

The 56-year-old prohibition era gangster's brief period of liberty, after more than 20 years in prison was ended yesterday on order of the U. S. Court of Appeals. The Court ruled Touhy must be held in Stateville Prison pending a hearing of the state's appeal of his release.

Touhy was freed on \$10,000 bond Monday by Federal Judge John P. Barnes. He ruled that the Capone era gang leader's 99-year-sentence of 1934 for the kidnaping of John (Jake The Barber) Factor was procured on perjured testimony.

Surrenders Quickly
A few hours after the appeals court ruling, Touhy surrendered in the U. S. Marshal's office and was taken to the Cook County jail and held overnight.

Touhy, who was fishing in the nearby Fox Lake region when news of the court action reached him, had little to say. "Not very long out," was his only comment.

Robert S. Johnstone, Touhy's attorney, said he will test in the U. S. Supreme Court yesterday's ruling by the appeals court.

Ben Schwartz, Illinois Asst. Atty. Gen., had asked Judge Schnackenberg to order Touhy's seizure, terming him "a danger to the general public."

In addition to the 99-year-sentence Touhy was serving for the kidnaping of Factor, onetime internationally known confidence man, he had been sentenced to 199 years for a prison break in 1942.

BRITISH WINE, DINE MALENKOV AT LATE PARTY

MOSCOW (AP)—The British Embassy wine and dined Premier Georgi Malenkov and other top Soviet officials last night as its part of the Moscow social whirl for former Prime Minister Clement Attlee and six other visiting Labor party leaders.

It was Malenkov's first visit to a Western embassy, and more evidence of the Soviet effort to bring Britain closer to Russia and away from solid alliance with the United States.

The party ate, exchanged eight champagne toasts and talked until well after 1 a.m. The Russian Premier joined in Ambassador Sir William Hayter's traditional British drink to the health of uen Elizabeth II, then proposed his own toast to "peaceful coexistence."

"Very Very Friendly"
The guests, who included Communist party secretary Nikita S. Khrushchev, Foreign Minister V.M. Molotov and other top Soviet officials, talked with the Britons for an hour and a half after dinner. Commenting on the unusual length of the after dinner conversation, one of the visiting Laborites, party chairman Wilfrid Burke, said: "The liquid was scotch but the conviviality was Irish."

Burke added that he was convinced Malenkov is "very, very friendly" and "very anxious to establish peaceful relations with the Western powers."

The Labor party delegation leaves tonight for Peking and a three-week visit to Communist China. They arrived in Moscow Monday.

SAY MCCARTHY OWES \$25,000

WASHINGTON (AP)—The Washington Evening Star said today Internal Revenue agents, after an 18 months investigation, have concluded that Sen. McCarthy (R-Wis.) owes additional income taxes and interest of about \$25,000.

McCarthy, asked if he wished to comment on the newspaper's story, told a reporter: "It's strictly untrue. There is strictly nothing to it."

The Internal Revenue Service declined comment.

The newspaper said it had learned the revenue service will soon present the evidence it has gathered to McCarthy and give him a chance to explain data that the tax investigators do not understand.

"The tax agents do not contend that Sen. McCarthy acted with fraudulent intent," the story said. "Instead, they assert the Wisconsin legislator erroneously classified as nontaxable some of the money he received and on which he should have paid taxes."

The case was described as covering the tax years 1946 through 1952.

VFW WILL HOLD
OUTING SUNDAY
IN MYERS GROVE

The semi-monthly meeting of the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars was held on Tuesday night, at which time plans were completed for the outing on Sunday. The picnic affair will be held for members and home association, members at Myers' grove, near Bonneauville, on Sunday from 11 a.m. to 5 p.m. The committee on arrangements includes Bernard Kuhn, James Kuhn, Earl Weaver, Charles Markle, Charles Bridger, Kenneth Sparver and Walter S. Mehrling.

Earl Wiseman was elected to membership in the organization. A contribution was voted to the Alpha Fire Company. A report was heard from Lawrence T. Dooley, who represented the post at the national VFW encampment in Philadelphia, last week. The next regular meeting of the group will be held Tuesday, August 24.

Plan Swim Party

The Littlestown Explorer Scouts will have a "coed" swimming party on Friday evening at 7 o'clock at the pool at the home of the post adviser, Edward B. Geiman, near town.

Members of the Ever Willing Sunday School class of St. John's Lutheran Church enjoyed a box lunch at the home of Mrs. Ralph Wantz, W. King St., on Tuesday evening. A social hour was held and the monthly business meeting was omitted.

The next regular meeting of the class will be held Tuesday, September 14 at the church, with Mrs. Janice Myers serving as hostess.

Borough Board Meets

Routine business was conducted at the August meeting of the Littlestown Borough School Board, held on Tuesday night at the high school building. President Carl H. Baumgardner presided. Receipts reported were: \$252 from LeRoy W. Bish, tax collector. Bills ordered paid follow: \$61.65 to the Times and News Publishing Company for advertising; \$330, summer recreation program salaries; \$39.34, recreation program supplies; \$12.50, paid to LeRoy W. Bish for commission on taxes collected; \$478.50, Littlestown Joint School System.

The board approved a temporary loan of \$2,900.30 to meet current expenses. Those present at the session in addition to President Baumgardner were Lloyd E. Crouse, Henry E. Waltman, Wilbur E. Mackley and secretary, Luther W. Ritter. The next meeting of the board will be held on Tuesday, September 14.

WCSA Meets

Fifteen members and five visitors attended the monthly meeting of the Woman's Society of Christian Service of the Centenary Methodist Church, held on Tuesday evening at the home of Mrs. C. C. Rebert, New Oxford. The devotional period was in charge of Mrs. Leslie Yohn.

McNeill Resigns
Pa. Publicity Job

HARRISBURG (AP)—J. Hugh McNeill has ended 11 years service as publicity director for the State Department of Forest and Waters.

Shortly after McNeill resigned from the post yesterday, Miles Horst, state Republican chairman, announced McNeill will be in charge of literary in the GOP statewide election campaign, a post he has held in past elections.

Neither McNeill nor Samuel L. Lewis, department secretary, would comment on the resignation. McNeill's salary was \$5,652 a year.

M'SHERRYSTOWN
FIRE POLICE TO
AID LAW FORCE

In a move to provide McSherrystown with added police protection, the borough council of that community Tuesday night approved the use of its five-man fire police force for extra policing duties.

The fire police force, to be paid by the borough, will be used during weekends, at special civic functions and in assisting Police Chief Manard Masemer in handling traffic. Burgess J. J. Staub and Police Chief Masemer will work jointly in making out a new schedule.

At the session in the engine house, Borough Engineer William Seese outlined progress made in relation to servicing the Fairview extension to the borough sewage system. Seese said he submitted plans for approval to the State Department of Health, Harrisburg. Work on the project will begin as soon as the approval is received, probably early next week, he told council. Piping and other material is ready for placement, council was informed. Francis Devine, McSherrystown plumber, will assist borough employees.

Council passed a motion to advertise for bids on a new borough dump truck to replace the one now in use. The present truck is about 25 years old. Bids will be opened at the next council session, September 13.

Also passed by council were ordinances regulating the storage of inflammable materials and making it mandatory to borough residents to join the borough sewage system where the service is available.

As in other area communities, McSherrystown, too, has its garbage disposal problem. Melvin Noel, McSherrystown, who had been servicing the community, told councilmen he has no place to dispose of garbage collected since the dump east of the Carlisle Pike, near Hanover, was filled several weeks ago. Noel sought assistance of council in locating a new dumping spot.

Councilmen requested residents to dispose of garbage by burying it or burning it until the service is established again.

Littlestown Plans School
Opening September 7; List
Changes For New Session

The schools of the Littlestown Jointure will open for the 1954-1955 term on Tuesday, September 7, at 8:30 a.m. Paul E. King, supervising principal, reported at a meeting of the joint school committee on Tuesday evening at the high school. There will be a half day of school only on the first day, with dismissal at 12 o'clock noon. A meeting of all teachers of the Jointure will be held on the afternoon of September 7.

Other plans nearing completion for the opening of school include the assignment of the seventh and eighth grades to the E. King St. school building, with four teachers assigned to the group. A special elementary class, combining pupils of both the fifth and sixth grades will also be housed in the same building. An important change in the high school curriculum will be the extension of the Driver Education Course to include all juniors, with at-the-wheel training for every pupil 16 years of age or over. The Vocational Home Economics Course will operate according to new standards announced by the state department.

Playground equipment is being installed on the play area and resurfacing of the front of the Rolling Acres Elementary School has been completed. There will be a slight change in the bus routes this year, and all pupils in districts surrounding the borough, who are not enrolled in the Littlestown school, must continue to attend there, unless they have moved out of the allocated area. Any changes in the bus routes will be announced in the near future.

No Football Camp
There will be no football camp conducted this year as in former years, but players will report daily for pre-school practice, on dates to be announced soon.

Accident insurance will be available to all teachers and pupils from the Pilot Life Insurance, Greensboro, N. C., for \$125 per person. The policy covers all accidents in school, and going to and from school. School banking will also be available to all grades again this year. Children may make deposits of any amount desired on Tuesday of each week. Cafeteria services will be available to all pupils on the same schedule and at the same price as last year. The board granted approval to place cabinet and shelving in the E. King St. school for the Home Economics department.

Treasurer Dale W. Starry reported receipts of \$7,277.36 for the month of July. Expenditures for the same period of time included: \$119.56 for general control; \$10,916.21, instruction; \$767.44, auxiliary agencies; \$282.57, coordinate activities; \$1,074.73, operation of plants; \$752.30, maintenance of plants; \$75, fixed charges and \$226, capital outlay, a total of \$14,213.81 expended.

Wrote To Congressmen
Post Commander Francis Wisotzkey told the post of writing Congressmen S. Walter Stauffer and Richard M. Simpson that the post favors passage of House Bill 524 which would provide for appointment of veterans receiving on-the-job GI training at government installations to permanent posts when they have completed their training.

Robert Gilbert told of plans of the Travel Council and Guides Association to provide free tours of the Battlefield for organizations, with the organizations providing transportation. The matter was tabled until fall when the guides would have more free time to conduct the tours.

Plans were discussed for honoring the softball team of the VFW which won the season title and lost out in the semi-finals of the playoffs.

Door prizes were awarded to Attorney Charles Wolf, Charles Leichter and John Rummel. Commander Wisotzkey presided at the post meeting and President Arthur J. Roth at the home association meeting held following the post session.

Jimmy Demaret, in his book, "My Partner, Ben Hogan," (McGraw-Hill), says:

SHEELY LAUDS

(Continued from Page 1)
together as a team, you are learning the value of organization and cooperation. And you are giving pleasure to your community through your playing. You are contributing to the life of the community.

"And the habit of contributing to the community, of being active, of doing things not for pay, or from compulsion, but because you want to, is a habit that leads to good citizenship throughout all life.

Tomorrow's Leaders
"Playing ball is fun, but it can also be hard work, as you have found out. But have those qualities which keep a man at the job, even when the going is difficult. Because you have those qualities you will be the leaders of tomorrow when you become adults, just as you are leaders among the youngsters of your age group today.

"One hears much of juvenile delinquency and of fears for the future. But when boys such as yourselves can unite and play the game as you have done this past summer, it is evidence that the future is secure, that things have not changed, and that the majority of youth are good citizens, willing to play the game with respect for others, and as good sportsmen."

ISLANDS

Islands have always created a
romantic flavor in my mind. Robert
Louis Stevenson lived upon one
for years, and scores of writers
have written about islands, and
secretly yearned to own one for
themselves. Willa Cather wrote a
beautiful story about an island.In a current magazine I came
across an interesting article about
islands, stating there were hun-
dreds of them for sale, from a few
hundred dollars to many thousands.
I was told of one man who saw
an advertisement for an island off
the coast of New England, between
Canada and the United States, and
immediately bought it—but never
went to see it!From early youth I dreamed of
the day when I might own a small
island. That dream came true
some twenty-four years ago, and
each summer I have been spending
two months upon it, reading, writ-
ing, and having fun with my boats.
Islands cost more than money re-
presents them to be. They cost in
hard work, and continual attention.
They have to be lighted, heated,
kept in constant repair, and often
you have to act as your own plum-
ber, carpenter, and electrician,
among other tasks. But it's worth
it in the end.You get quiet on a small island:
There is no traffic except that of
the birds and small animals such
as what I have—a group of greedy
squirrels. There is the glorious
scent of pines and their health-giv-
ing aroma. There are varieties of
flowers and trees, and the rocky
structure of my island at least
gives evidence of its inward in-
tegrity.It's fun to go for your mail in
the morning in your boat, and to
bring friends to your island when
they knock at your door, by way
of the telephone. Then you take
your boat and cross to the main-
land and welcome them to the
island, always praying that your
motor will work all right for the
round-trip! Yes, the little island
is worth all it costs in money, tired
backs, and problems!Tomorrow Mr. Adams will talk
on the subject: "Visiting Friends"

BUILDERS AND OWNERS
At first the land must be surveyed.
And shortly after that is done,
With plans an architect has made
The work of building is begun.In time from timbers, forest grown,
The rafters of the dwelling rise
While they, who are the house to
own,
Stand looking on with shining
eyes.The floors will next be truly laid,
The walls and ceilings plastered
be,
And when departs each craft and
trade
The passers by a house will see.
At last the movers will appear
With rugs and tables, beds and
chairs.That done, the owners, many a year,
Will proudly boast the home is
theirs.
Houses are planned and built by
men
Who make such work their chief
concern.What joys or griefs will happen
when
They leave they seldom try to
learn.
But though the walls and roof are
stout,
The owners will have much to
bear.Nothing will keep the heartaches out
That all who call it home must
share.

GAS AUTHORITY
IN COAL REGIONHARRISBURG (AP) — The Public
Utility Commission said today the
Scranton-Spring Brook Water Serv-
ice Co., Wilkes-Barre, is support-
ing the application of another utility
for authorization to expand whole-
sale natural gas lines into three
north-central counties.A commission spokesman said
Scranton-Spring Brook intervened
in the application the same day,
Aug. 6, that Manufacturers Light
and Heat Co., Pittsburgh, filed to
expand its lines for wholesale sales
into Clinton, Clearfield and McKean
counties.In intervening, Scranton-Spring
Brook announced its intention of
purchasing natural gas from Manu-
facturers Light and Heat, the
spokesman said.Area Opposes Gas
Stimulating interest in Scranton-
Spring Brook plans is the fact that
the anthracite coal region, where
the home office is located, tradi-
tionally has opposed introduction
of natural gas as a fuel in that
area.Rulison Evans, chairman of the
board at Scranton-Spring Brook,
declined to comment on whether
his company intends bringing na-
tural gas into that section or into
the Sunbury area to the west.The PUC said no application to
serve natural gas by Scranton-
Spring Brook is before it.Owns Gas Properties
The firm, however, purchased
natural gas properties of the Penn-
sylvania Power and Light Co. in
1951, the PUC said.Also supporting Manufacturers
application to expand is the Kane
Gas, Light and Heating Co.Scranton-Spring Brook, with a
manufacturing plant at Sunbury,
now serves manufactured gas to
80,000 consumers in Columbia,
Lackawanna, Lycoming, Luzerne,
Montour, Northumberland, Snyder
and Wyoming counties.Should Scranton-Spring Brook
introduce natural gas into its sys-
tem it would be necessary to lay
a pipe line from Sunbury to the
nearest junction point with the
natural pipe line.Fine Lauds Panther
Valley UndertakingHARRISBURG (AP)—Gov. John S.
Fine today described as a "com-
mendable step" a proposal to re-
open recently closed anthracite
coal mines in the Panther Valley.
"Needless to say, the common-
wealth has a tremendous stake in
that section," Fine said in a state-
ment."The Panther Valley mine com-
mittee's ratification of the proposal
of independent mine operators to
re-open three mines and a large
breaker is a commendable step to-
ward what I hope will be the
ultimate solution of the coal pro-
duction and mine labor problems
in the Panther Valley," he said.
The governor expressed the hope
that other mine worker locals
would join with the Lansford and
Nequehoning locals in the "co-
operative and initial step."HARRISBURG (AP)—Capitol Trail-

Law Faces Stormy Tests

By JAMES MARLOW

WASHINGTON (AP)—It is up to
President Eisenhower now to sign
into law, and he probably will, the
bill just passed by Congress to
guarantee bawky witnesses immu-
nity to federal prosecution if they
answer questions about subversion.This measure, if it becomes law,
almost certainly will have a stormy
history and perhaps a sensational
one. It will be fought in the courts
as unconstitutional. If it works, it
may lead to startling disclosures
about communism.It is aimed mainly at Commu-
nists, past or present. Immunity
can be given only to witnesses in
cases involving conspiracy to over-
throw the government, treason,
spying, and sedition.Must Answer Questions
The immunity can be given
only to a Fifth Amendment wit-
ness appearing before a congress-
ional committee, a federal grand
jury or a federal court and only
if his testimony is important.Once the witness gets immunity
he cannot thereafter be prose-
cuted in federal court for any fed-
eral crime in relation to which he
answers questions.But, once given immunity, the
witness must answer questions. If
he spurns the immunity, insisting
that under the Fifth Amendment
he still doesn't have to answer
questions, he can be cited for con-
tempt of Congress, tried, and, if
convicted, jailed.

The new law says only that the

witness could never be prosecuted
by the federal government for any
federal crime related to his testi-
mony.Only Federal Immunity
It does not say the same wit-
ness could not be prosecuted in a
state court. For example: suppose
he admitted committing a federal
crime and a state had a law mak-
ing the same offense a state crime,
too.The state couldn't use his fed-
eral testimony in a state court
trial. The Supreme Court has ruled
on that.But could the state use his fed-
eral testimony as a lead on which to
gather evidence on which to try
him in a state court? There's no
answer. And there won't be until
the Supreme Court some day gives
a decision on it.

Germany Follows Treason Case

By DANIEL DE LUCE

FRANKFURT, Germany (AP)—A
rank case of treason and wide-
spread unrest tortured West Ger-
many's nerves today.
For the first time in its five-
year history, the Bonn republic has
shown signs of wavering in its
vaunted discipline, industriousness
and unity.A million low-paid workers in
industry, agriculture and even gov-
ernment are massing behind union
leaders to get more money or
walk out.Old Wounds Reopened
Strikes this week by 15,000 Ham-
burg public utility employees and a
majority of the 220,000 metal work-
ers in Bavaria are a warning for
worse to come unless management
and labor jointly begin talking
reason.Many old political wounds among
the Germans have been reopened
by the desertion to the Soviet zone
of Dr. Otto John, the Wes Ger-
man security chief.A wartime anti-Nazi and post-
war British agent, John strained
Allied-German relations by his
startling defection to the East.
For West Germany's enemies
throughout the world, John is nowsupplying fresh propaganda
charges that the Bonn government
is Nazified and a menace to peace.
John is "Gold Mine"For Soviet spy chiefs, John is a
potential gold mine of information
about Western security agents.He is the man who went to din-
ner in Washington just two months
ago with Allen Dulles, director of
the U.S. Central Intelligence Agen-
cy, and who conferred with FBI
Chief J. Edgar Hoover and high
American military officers at the
Pentagon. U.S. officials insist he
was told nothing of great impor-
tance but have not minimized the
seriousness of his defection.John has imperiled public con-
fidence in the wisdom and honesty
of Bonn cabinet ministers who
claimed up to the hour of his sen-
sational press conference yester-
day that he was the victim of a
Red plot.

Virgil Trucks At 35 Is Blazing Way To His Best Season In Big League Ball; Wins His 17th Tilt

By BEN PHLEGAR
Associated Press Sportswriter

At an age when most fast ball pitchers are relaxing with their press clippings, Virgil (Fire) Trucks of the Chicago White Sox is blazing his way to his best season in the majors.

The 35-year-old speed merchant needs only three more victories to equal his previous high of 20. In his present form this looks like a cinch.

Trucks, who broke into organized ball in 1938 and reached the big time in 1941, has been the sensation of the American League the past two seasons. After a miserable 5-19 record with Detroit in 1952, he posted a brilliant 20-10 mark last year, dividing his services between the old St. Louis Browns (5-4) and the White Sox (15-6).

Gets 17th Yesterday
His work won him top honors in the Associated Press poll for the "Comeback of the Year." Except for 1952 Trucks has been a consistent winner. Even in his bad year two of his victories were no-hitters. Last season, when he reached 20 for the first time, he won his 17th game on Aug. 23. He pitched five shutouts over last year.

Now he's 12 days ahead of that pace. He whipped the Baltimore Orioles 1-0 yesterday for his 17th triumph and his fifth shutout against five setbacks.

Credit To Richards
Trucks gives full credit for his improvement to Manager Paul Richards of the Sox.

"It's a real pleasure to work for him," Trucks said. "I feel I'm really doing my best and I'd like nothing better than to win 20 again."

Trucks' performances so far this season include two one-hitters, against Boston May 1 and Detroit July 6. The Orioles reached him for nine but their most serious threat fizzled in the eighth when Minnie Miñoso made a fine running catch of Jim Briedeweser's long foul fly with the bases loaded and two out.

Tribe, Yanks Win Too
Bob Kuzava, making his first appearance for Baltimore since leaving the New York Yankees, was charged with the loss.

The White Sox failed to gain in the pennant race since Cleveland and the Yankees also won. The Indians edged Detroit 2-0. New York beat Philadelphia 3-1. Boston pounded Washington 10-1 in an afternoon game but lost to the Senators at night 5-4.

Two For Ted
In the National League the Brooklyn Dodgers clipped the idle New York Giants' lead to 3½ games with a 3-2 squeaker over Philadelphia. Third-place Milwaukee moved within seven games by shading St. Louis 6-5 in a game shortened to seven innings by rain. Cincinnati hit five home runs, beating Chicago, 8-1.

Ted Williams hit a pair of two-run homers, his 21st and 22nd of the season. In Boston's daylight triumph. His career total now is 359, good for a tie for sixth with Johnny Mize on the all-time list of home run sluggers.

Eagles And Colts To Clash At Hershey

HERSHEY, Pa. (AP)—The Philadelphia Eagles open their National Football League exhibition round Saturday against the Baltimore Colts at Hershey Stadium and coach Jim Trimble says Bobby Thomason will be in the quarterback slot.

Trimble said Thomason normally doesn't start a game until well into the regular season but "Thomason had such good luck against the Colts last November" he was chosen over Adrian Burk.

Trimble said Burk will do the punting.

Archie Moore Keeps Title By Scoring TKO On Johnson In 14th; Came From Behind

By MURRAY ROSE

NEW YORK (AP)—A spectacular "called shot" technical knockout over able Harold Johnson in the 14th round added luster to light heavyweight champion Archie Moore's great record today.

Now the 37½-year old fistic marvel will seek to fatten his bankroll with a Sept. 23 title fight in Omaha against either Joey Maxim or Jimmy Slade.

Maxim, beaten three out of three by the magnificent Moore, appears more likely to get the payday. His wily manager, Jack (Doc) Kearns will meet sometime today with Charley Johnston, Moore's manager, and members of the Omaha Centennial Committee to talk turkey.

19th Straight Win
After stopping the fast-punching, solidly built Johnson in a dramatic come-from-behind fashion for his 19th straight victory, Moore said he'd like to fight either heavyweight champion Rocky Marciano or Don Cockell, the British heavyweight king.

Manager Johnston, a realistic soul, said "Marciano has that Sept. 15 title fight with Ezzard Charles and I know Cockell doesn't want any part of Archie. We want the dough and they're offering Archie \$10,000 to fight in Omaha. We're ready."

Moore was ready, too, when Johnston told him to go out and "get" Johnson in the 14th.

Stopped The Slaughter
"I'll knock him out in this round," Johnston said Moore told him. He did in just 56 seconds.

The crouching champion tore after his tiring rival, staggered him with a right to the chin, and then rained blows on his sagging rival. Johnson fell on his back in his own corner.

The Philadelphia negro clambered up at six but his legs were rubbery. Referee Ruby Goldstein stepped in and stopped the slaughter.

Although Moore was trailing going into the 14th, (two of the three officials had him behind), the 175-

MUMMASBURG IS VICTOR, 5 TO 4

Mummasburg defeated Littlestown 5 to 4 Wednesday night in a baseball game at Littlestown.

G. Hartzell started for the victors and was relieved of his mound duties in the eighth by Bushman. Allison caught. Schwartz started on the mound for Littlestown, with Showaker taking over in the sixth. Koontz was the catcher.

Mummasburg spread its scoring out through four innings, pushing across one run in the first, one in the third, two in the fifth and another in the sixth. The squad secured its five runs on seven hits, and had one error.

Littlestown pushed across two runs in the seventh and two in the eighth to complete its four run tally. The losers secured seven hits off the Mummasburg pitchers and had four errors.

Next Wednesday night the Littlestown squad will meet the Reisterstown A.C. club of the Baltimore County Major League at Littlestown.

Hal Newhouse, who retired last year as a pitcher for the Detroit Tigers, was the last American League hurler to win 200 games. Hal had a lifetime mark of 200-148.

VETS FAVORED TO TAKE TAM

CHICAGO (AP)—For the first time in a dozen years, golf's younger set is given a good chance to crash through the so-called old guard and cash in on the richest tournament in history — the "world" championship opening today at Tam O'Shanter.

Only the more hard-bitten pros have come through in the past, the youngest winner of any Tam title being Byron Nelson who took the honors in the 1941 inaugural at the age of 29.

With \$50,000 in cash and a \$50,000 exhibition contract going to the winner, favoritism rests with such seasoned campaigners as Sam Snead, Cary Middlecoff, Lloyd Mangrum, Jimmy Demaret, Peter Cooper and the recent all-american winner, Jerry Barber. All are over 40 or pushing it.

Three Youngsters
But there are at least three youngsters who are not too awed by the big prize as the 72-hole stampede starts today.

They are British Open champion Peter Thomson of Melbourne and Gene Littler, each barely 24, and 27-year old Bob Toski, now registering from Livingston, N.J.

Harriers Beaten By Street Cars

MELBOURNE, Australia (AP)—Having trained in mad dashes to get to their several offices on time in the morning, some Melbourne Coburg Harriers sprinters matched their speed against local street cars on a five mile sprint.

Running in relays with imaginary batons, the sprinters got a long lead in city traffic. But, in the clear suburb streets in the last quarter-mile the street car sped ahead to win by twelve seconds.

The Harriers covered the five miles in ten seconds under the half hour.

Made "Bat Girl" For Three Innings

HOUSTON, Tex. (AP)—Catherine Young, a 14-year-old school girl, recently wrote the sports editor of "The Houston Post" saying that the "unfulfilled dream" of her life was to be "bat girl" for the Houston Buffs of the Texas League.

Teen-ager Catherine served as "bat girl" for three innings when the Buffs played Beaumont.

"They were dreamy moments," was her comment about the three innings.

CAMP HILL WINS OVER PORTAGE IN TITLE PLAY

WILLIAMSPORT, Pa. (AP)—Little League state tournament play went into its second phase here today with Kennett Square and Mason-town taking to the field in quest of the Pennsylvania title.

Wilkes-Barre and St. Ken-Rocks will finish out the day's schedule with an evening game and then it's into the semi-finals tomorrow and the finals Saturday.

Opening day action yesterday saw last year's championship Camp Hill team make a successful bid for the semifinals in a 10-inning duel which found Portage on the losing end of a 4-3 score.

West Union Wins
West Union jumped aboard the championship express and earned a crack at the title with a 7-3 victory over Farrell in a home-run studded display of fast action that kept the 3,000 spectators on their feet for a goodly portion of the game.

Camp Hill scored its victory in the bottom half of the 10th when relief pitcher Frank Stancovich walked home the winning run. Camp Hill came from behind to tie the score in the last half of the sixth inning and sent the game into extra frames. Two walks and a man hit by a pitched ball loaded the bases for the defending champs, and then Stancovich walked Bruce Brubaker to force in the winning run.

21 Strike Outs
Brubaker gave up only four hits, struck out 21 men and intentionally walked one during his Little League maximum limit of nine innings on the mound.

Two three-run homers in the first inning led the game for West Union. Starting pitcher Barry Pearlman walked the first two batters in the opening frame and Don Dorman, West Union pitcher, hit a homer over the right field fence.

Two more men were walked and then driven home by a four-bagger by Jim Crocker. Farrell rallied in the last of the sixth to spoil Dorman's no-hitter.

West Union and Camp Hill will meet tomorrow in the semifinals. The winners of tomorrow's games will play for the state title and be right to represent the state in the World Series here Aug. 24-27.

SQUALL WRECKS 70 SAILBOATS

MARBLEHEAD, Mass. (AP)—A brief but fierce thundersquall capsized some 70 small sailboats in Marblehead harbor yesterday.

The wild, 20-minute storm might have spelled tragedy for about 100 persons but for the swift rescue operations of nearby speed boats whose crews took aboard the floundering yachtsmen.

About 400 small boats were in the area taking part in and watching race week events when the 30-mile wind, whipped up by a thunderstorm, struck and toppled the tiny sailboats like ten-pins.

the firemen's parade at Pleasant Hill, near Hanover, this evening. Members who wish to participate in uniform with the rescue truck should be at the engine house at 6:15 o'clock.

The firemen will parade, Jacobs said, at Parkville, August 20 and at Spring Grove on August 21. He added that the company hopes to have 80 uniformed men in line at the Spring Grove parade.

IST & LAST ADD—FIRE CO.
Other parades scheduled for the firemen this year include the one in connection with the firemen's convention September 6, participation in the state convention parade at Lebanon in October and participation in the Halloween parade here in October.

Facility Report
Francis Smith, chairman of the Lebanon arrangement committee, told the group that eight rooms for married couples will be available at Annville, five miles away, for use during the convention and that a CIO hall, which would hold 50 men on cots has been offered for use of the local company. The members decided to postpone until next month decision on acceptance of the hall and directed Smith to accept the eight rooms at Annville for use by local firemen at the convention.

Chief Jacobs asked for volunteers to assist Saturday afternoon at 1:30 o'clock in topping a tree on Middle St. The company will be paid for the effort, he said.

He also announced plans for participation in an air raid drill at Mt. Holly Springs Sunday afternoon at 1:15 o'clock.

Letters of thanks from the Junior Chamber of Commerce and Hoffman Orphanage were read. A \$4 donation from Roy Swope for pumping was accepted with the thanks of the firemen. Approval was given to a plan to have 300 copies of the constitution and bylaws of the department printed.

Secretary Eugene Sickles gave a report on the death and accident benefits accruing to the local firemen. By membership in the local, county and state firemen's association, all of which are automatic upon acceptance into the local fire company, death benefits totalling \$250 are paid. Southeastern Firemen membership adds another \$50 benefits. In addition insurance and compensation pays medical, hospital and surgical bills in case of injury received in performance of duty as a fireman or enroute to or from such performance and also provides a weekly income during the period of incapacitation.

August Seeding, Irrigation Mulching, Contouring Discussed In Connection With Drought Loss

Adams County farmers are facing a critical feeding shortage this fall and winter due to the drought conditions experienced this year. Many farmers need to look ahead and decide what they are going to do next year since most of the new seedlings made this spring have been killed.

Many farmers are considering an August seeding. The success of an August seeding is dependent primarily upon adequate seedbed preparation. This point can not be over emphasized. These are the steps that should be followed.

1. Check soil for lime requirement. Have your soil tested to see if lime needs to be added to correct soil acidity.

2. Start seed-bed preparation early. If the field is not plowed yet it should be immediately. After the field is plowed, it should be worked every few days to secure a firm seed bed. One or two workings are not sufficient.

3. Adequate fertilization is necessary for best results. First work into the seed-bed while preparing the field, 300 to 400 pounds of 0-20-20 fertilizer. This should be drilled in deep ahead of seeding. This fertilizer can also be plowed down.

4. The seeding should be done before the end of the month. Just prior to seeding the field should be culitpacked. Following seeding the field should again be culitpacked.

5. A complete fertilizer should be used at time of seeding such as a 5-10-10 at the rate of 200 to 300 pounds per acre. It is also advisable to step your rate of seeding up about 20 per cent. A nurse crop of grain can be used where weeds may be a problem. If a nurse crop is used do not apply more than a bushel to a bushel and a half per acre. This can be grazed off next spring or mowed early.

Consider Irrigation

In looking back over the past few months, Adams County farmers are wondering what can be done to prevent the drought injury from happening another year. Many are considering irrigation. Already five systems have been put into operation. An irrigation system involves a large investment. The first prerequisite of an economic irrigation system is a good source of water. A good source of water. A good stream is the best source of water, however there are few if any satisfactory streams in Adams County. There are also legal angles involved in water rights. Large ponds may serve under some conditions. Another big requirement

is a high cash value of the crop since investment for irrigation equipment will run between \$75 to \$150 per acre irrigated.

Mulches of different materials may help under other conditions. Mulches allow more water to percolate or enter the soil; in addition they cut down on soil evaporation as well as control weeds, which compete for moisture. Mulches are practical in orchards and small fruit plantings. Many materials are available as mulches; old straw, rained-on hay, and saw dust. Mice may develop as a problem where mulches are used, however there are control measures against mice.

Irrigation and the use of mulches will not be practical on many farms in the county. There is something, however, that most of the farmers in the county can do to help conserve moisture in their soil. This practice is contouring. The value of contouring cannot be overestimated in its ability not only to control erosion, but to store up moisture in our soils.

Adams County soils, because of their nature are very subject to erosion and run-off. Contouring prevents run-off and gives the water a chance to enter the soil where it is available for crop growth at a later date. Less drought injury is evident on farms contoured in the county and these farmers should be congratulated for their foresight and interest in this important conservation practice.

Don't put it off, investigate the possibility of having your farm contoured. Check at the Soil Conservation or the Extension Office for further information.

EXPERTS SEEK SHORTER GAME

FORT WORTH, Tex. (AP)—Texas League baseball games are averaging 2 hours and 32 minutes, which everybody agrees, is too long.

How to speed up games is a major topic of conversation. Long, drawn-out games, especially at night, drive the fans away, baseball experts say. Al Vincent, manager of the Fort Worth club, suggests that instead of a batter getting four balls and three strikes he be cut to three balls and two strikes.

Makes Suggestion
The pitcher then, says Vincent, would have to get the ball over the plate and couldn't waste any pitches. The batter, too, would take up less time, Vincent points out. "He would come off the bench swinging since he would have only two chances to hit the ball."

Hal Scherwitz, veteran sports editor of the San Antonio Express, doesn't think this would help, however. Scherwitz said: "If the pitchers can't keep from walking 'em with four balls we don't

see how cutting the limit down to three will eliminate the base on balls. In fact, we can name a few—and not go too far from home—who would set some bases on balls records in a hurry under those circumstances."

TOO MUCH BULL

DALLAS (AP)—A man who owns a young bull sought a peace bond against a neighbor woman who fired two shots at the animal, and missed. The woman testified she shot after the bull chased her to her porch, butted a car in her driveway, then butted a garbage can in her back yard.

The judge denied the peace bond and told the owner to keep his bull at home.

GOP CANDIDATE FOR SENATE IN N.J. HAS TROUBLE WITHIN PARTY

NEWARK, N.J. (AP)—Admirers of two famed Republicans—Taft and McCarthy—are causing the New Jersey GOP candidate for the U.S. Senate an occasional headache these days.

Even though President Eisenhower has stepped in three times with strong endorsements of Clifford Case, the candidate has run into sporadic opposition in his own party. Some want him to quit the race.

As a result, the Democrats—better unified than they have been in years—figure they have their best chance to elect a senator since 1936.

Trouble With GOP

Charles R. Howell, 49-year old Trenton insurance underwriter who has been in Congress since 1948, is the Democratic candidate. A New Deal-Fair Deal Democrat, he has joked that his support of Eisenhower's program has been so good that the President might "want to support me."

Case, 50-year-old Rahway lawyer, self-styled liberal Republican and supporter of Eisenhower for President, has come under attack from various conservative backers of the late Sen. Robert A. Taft (R-Ohio).

They found fault with Case's voting record in Congress and began working against him soon after his nomination for the seat of Republican Sen. Robert C. Hendrickson, who did not seek re-election.

Lost McCarthy Crowd

Then Case lost favor with some backers of Sen. Joseph R. McCarthy (R-Wis.) when, in one of his first major campaign statements July 7, he called McCarthy "a deeply divisive force" and said he thought McCarthy should be unseated from the Committee on Government Operations.

No party leader has been associated with the criticism of Case. The opposition has come from small units in the party.

"Annoying elements... trying to create political dissension where none exists," GOP State Committee chairman Samuel L. Bodine termed them yesterday in a statement.

Nixon To Help

He said they had been "eliminated from any serious consideration" by a White House luncheon Monday where Case was guest of honor.

At that luncheon both Sen. Everett B. Dirksen (R-Ill.), chairman of the Senate Republican Campaign Committee and friend of

New AEC Site May Be In Frederick Co.

WASHINGTON (AP)—Representative W. Sterling Cole (R-N.Y.) said Monday that the Atomic Energy Commission "apparently is considering the idea" of moving to a new location outside of Washington.

Cole, chairman of the Senate House Atomic Energy Committee, said that he was informed that consideration is being given to a location in Maryland, northwest of Washington, but declined to mention any specific site. He did not confirm or deny that AEC is thinking about a site a few miles from Frederick south of the "underground pentagon" near Emmitsburg.

A revised atomic energy bill, now awaiting final congressional action, authorizes the commission to locate "in or near Washington" whereas the present law requires AEC to stay in the District of Columbia. The new bill gives the commission greater leeway in selecting a site.

At present AEC activities are scattered among seven or eight buildings. The commission has periodically looked at buildings within the District seeking a location where the sprawling agency could be consolidated.

M'Clelland To Meet Leaders

PITTSBURGH (AP)—Dr. William D. McClelland, defeated candidate for the Democratic nomination for governor, is going to meet with party leaders to "determine to what extent the McClelland forces will participate" in the campaign.

No date has been set officially for the meeting, but the party nominee, State Sen. George M. Leader, will be in Pittsburgh Saturday for a dinner sponsored by the Brotherhood of Railway Trainmen.

Dr. McClelland is an opponent of the state sales tax and the city wage tax. Sen. Leader has pledged to repeal the sales tax and Mayor David L. Lawrence has promised to halve the wage tax next year and eventually abolish it.

Dr. McClelland carried 21 western Pennsylvania counties but lost the nomination by 60,000 votes.

Sen. Leader, Mayor Lawrence, State Chairman Joseph M. Barr and Allegheny County Prothonotary David B. Roberts, a McClelland backer, are expected to attend the meeting.

McCarthy, and Vice President Richard Nixon said they would speak for Case.

Only yesterday Eisenhower again spoke out for Case at his news conference, calling him the kind of candidate the party ought to have.

14 House Seats At Stake
The name of McCarthy also has arisen in Howell's campaign. Howell has said the Wisconsin Senator "in his zeal to root out communism... has overstepped his bounds."

Democrats are hoping for another general election like last November, when the first Democratic governor in 10 years was elected and Democrat Harrison Williams won in the traditionally Republican Sixth District, Case's old district.

Also at stake are 14 congressional seats. The Republicans now hold eight of them, the Democrats hold six.

In 1953 the U.S. auto industry produced 7,328,000 cars.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the millions of kidney tubes and filters flush out waste. Get Doan's Pills today!

VFW Plans Benefit For Ambulance Fund

The Emmitsburg Veterans of Foreign Wars Post has announced plans for a festival which will be held for the benefit of the ambulance fund and community service projects such as the playground, hospital beds, etc.

The affair will be held on Saturday, Aug. 28, on the lawn of St. Joseph's Rectory. The Emmitsburg Municipal Band has been engaged to provide music for the occasion, and bingo and other games will be played. Valuable draw prizes will be given away and delicious food will be on sale.

Justice Warren To Attend Taney Rites

Chief Justice Earl Warren of the United States Supreme Court will be the honored guest and principal speaker at Frederick on Sunday, October 24, when a monument to the memory of nationally famous Chief Justice Roger Brooke Taney will be unveiled in St. John's Catholic Cemetery.

The speech by Chief Justice Warren will highlight the second annual pilgrimage to the Taney tomb, sponsored by the Taney General Assembly, Fourth Degree, Knights of Columbus, Cumberland. Other distinguished visitors will include Maryland U.S. Senators John M. Butler and J. Glenn Beall.

The tentative program calls for 11:30 mass at St. John's on Sunday morning, followed by a parade and the climaxing ceremonies at St. John's Cemetery on East Third St.

Phelan, Miss Liddy To Marry Monday

James Phelan, new varsity basketball and baseball coach at Mount St. Mary's College, Emmitsburg, will be married Monday to Miss Dorothy Liddy, Upper Darby, Pa. Following a brief honeymoon the couple will reside in one of the faculty houses near the college.

Phelan, former La Salle star, picks up the reins of the Mason-Dixon champions in September. Only one squad member has been lost through graduation.

Senators Balk At Bills Ridding Unions Of Reds

By JOHN CHADWICK

WASHINGTON (AP)—Administration leaders trying to strengthen the anti-Communist flavor of their legislative record had a fight on their hands today from senators protesting the approach of a bill aimed at ridding labor unions of Red influences.

A first test of strength shaped up on a substitute proposal by Sen. Magnuson (D-Wash.) to set up a 12-member commission to study the whole problem and report its findings by next Jan. 15.

Magnuson said he had made no vote count but "wouldn't be surprised" if his proposal carried after debate which the Senate agreed to limit to one hour today.

The substitute was offered for a bill of Sen. Butler (R-Md.) under which labor unions found by the Subversive Activities Control Board to be "Communist-infiltrated" would lose the right to be certified by the National Labor Relations Board as bargaining agents.

Butler told the Senate last night that "the Attorney General approves his bill" and Senate Republican leader Knowland of California told newsmen the administration is supporting it.

The measure is along the lines of a bill Atty. Gen. Brownell had asked, providing for the dissolution of Communist-infiltrated labor unions and business firms, as part of the administration's anti-Communist program.

The House Judiciary Committee shelved the measure Brownell requested, along with another measure he proposed to let employers bar suspected subversives from defense plants in times of emergency.

In doing so, it approved a bill to set up a study commission with instructions to report back to the next Congress.

Magnuson cited the action of the House Committee in advancing his proposal for a similar study commission.

"As a practical matter," he told the Senate, "if we are going to do something about this, the substitute should be adopted."

The scrap over the measure blew up after the Senate earlier had passed two lesser bills on the administration's anti-Communist program—measures to increase the penalties for harboring fugitives and jumping bail.

The Senate also accepted yesterday

day and sent to the President a House-passed bill under which witnesses in congressional or federal court investigations could be granted immunity from federal prosecution and then compelled to testify or risk punishment for contempt.

CROP LOSSES IN SOME PARTS OF STATE MAY RUN UP TO 60 PCT.

HARRISBURG (AP)—Survey reports on southeastern Pennsylvania's drought situation began trickling in today with indications that crop losses in some cases will run as high as 60 per cent.

A U. S. Agriculture Department official said the first reports show "surprising" drought damage to crops.

C. E. Cassell, chief of the U. S. Agricultural Stabilization and Conservation Committee for Pennsylvania, said:

"On the basis of reports from half of the 21 counties we are studying we found that 50 to 60 per cent of the corn crop is gone."

Only On Fringe

"And the counties reporting so far are on the fringe of the drought area. The picture may look worse when we get them all."

Cassell heads a committee of federal and state farm experts compiling statistics on the summer-long drought affects to determine if it should be recommended that Gov. John S. Fine declare the counties a drought emergency area.

The committee will meet tomorrow with Cassell to decide what action is to be taken on the basis of the in-the-field survey reports.

Worse Than Expected

Cassell said the reports thus far are worse than expected. "I didn't expect so much of a loss," he said, adding:

"Grass crop reports show 75 per cent of the new seeding is gone, burned out and 50 per cent of the winter feed, on the average, has been used up already by the farmers."

He pointed to the winter feed as the most important factor in

that problem. "If the reports keep coming in this way I couldn't question whether we would qualify or not."

Adams Report Is In

Reports so far were heard from Adams, Carbon, Chester, Columbia, Cumberland, Dauphin, Delaware, Franklin, Perry and Northumberland counties.

The hard-hit areas, such as York, Lancaster, Lebanon and Berks, still have to report.

Cassell said that should the counties be declared an emergency drought area, these two courses of action could be taken by the U. S. government, while a third has been available to farmers since last year's late season drought:

1. A federal-state co-operative hay distribution program.

2. Undertake an emergency feed and grain program, using government surplus stores.

The third action, now available, is the securing of farmers home administration loans to help producers meet credit needs for feed and other costs.

May Use Hay Program

"We made emergency loans to many farmers in Pennsylvania last year who were hit by the drought in the western counties," Cassell said. He is chairman of an emergency loan committee set up during the 1953 dry spell.

Of the two new actions should Gov. Fine ask for federal aid for the parched counties, Cassell said, the hay program was most likely to be put into effect.

"The average asking price for good hay in the stricken areas now is \$50 to \$60 a ton," Cassell said. "For the poorer grades the asking price is \$40 to \$50 a ton."

Cassell said there have been reports from some areas where hay dealers asked as high as \$90 a ton for good clover hay. He declined to identify the areas.

U.S. OBTAINS INJUNCTION AT OAK RIDGE

OAK RIDGE, Tenn. (AP)—The government has obtained an injunction to stop a scheduled strike today of CIO production workers at key atomic plants here and at Paducah, Ky., where the nation's entire output of a vital ingredient for atomic and hydrogen bombs is produced.

The Taft-Hartley injunction was whipped out last night by U.S. District Judge Robert L. Taylor at nearby Knoxville to block the strike of 4,500 workers ordered for 8 a.m. today. The move came just hours after President Eisenhower said the government could not permit a work stoppage at the plants for reasons of national security.

Emerson Pownall, president of the local, promised last night that the workers would be back on the job today as another chapter was added to the four-month-old wage dispute.

80 Days To Cool Off

The injunction provides for an 80-day cooling off period in which the workers continue on the jobs and management is barred from holding a lockout while negotiations continue.

The Oak Ridge local of the CIO United Gas, Coke and Chemical Workers, has asked a raise of 21 cents an hour, then scaled demands down to 15 cents, from Car-

bide and Carbon Chemicals Co. operator of both Paducah and Oak Ridge plants. Oak Ridge employs about 3,500 CIO production hands and Paducah about 1,000.

The plants produce this country's entire supply of uranium-235, necessary to the manufacture of hydrogen and atomic weapons.

Contract talks first broke off last April 15. The Atomic Energy Labor Relations panel took over and recommended a raise of six cents. The raise was rejected and the CIO went on strike and set up picket lines. Supervisory employees kept plants running until a truce agreement was reached.

Present hourly wage scale at the plants is \$1.58 to \$2.40.

SCIENTIFIC SOIL CARE REVIVES ANEMIC IRIS

By ALBERT S. FULING
The Associated Press

A perennially favorite theme is the underdog who triumphs: the unlucky thoroughbred condemned to haul a junk wagon but is rescued from drudgery and trained by loving care to win the big race against all odds... the ugly duckling that becomes a swan...

This rags to riches dissertation concerns a few dozen iris plants destined for a neighbor's rubbish heap. "I paid a lot of money for them," he grumbled, "but they didn't put out a flower and I think they're diseased besides."

They indeed were a sorry looking lot. The leaf sheaths were yellow instead of green; the rhizomes were undernourished, but appeared sound. He ignored suggestions on

rescuing them. "If you want them, take 'em," he shrugged, "but you'll be wasting your time."

More for the experiment than with any optimism, I took them. Iris Need Sunlight

Iris want a lot of sun, good soil, good drainage and fertilizer. The perennial border was the logical place for the experiment. They were placed in staggered clumps, some in front and some toward the rear of the border.

The locations, triangularly spotted, were spaced to about 10 inches deep, and the soil in the bottom of the hole loosened. With about two thirds of the loose soil, I mixed a trowel full of balanced fertilizer, a generous sprinkling of ground limestone, another of bone meal and a good quantity of peat moss.

All this was filled into the hole, then the top third with soil so that the roots would not touch the fertilizer. On each mound, a rhizome was set, toes toward the center of a triangle, spreading the roots carefully. More unfertilized soil was placed to anchor and to hold the leaf fan upright. The leaf fans were cut back to about sev-

en inches, upright. With a clump of three firmed down, a canvas soil soaker was set in a circle around the planting, and water run until the ground was well watered. The other clumps got the same treatment.

Some gardeners prefer more fans to a clump, but three served the purpose well. The distance between should be not less than a yard.

For the rest of the season, the plants were closely watched to see that the fans remained upright and the roots well covered.

During the winter, occasional checks were made to see that freezing and thawing did not heave them out of the ground. During the winter also, the area around the clumps was spread with wood ashes from the fireplace.

"Are Those My Flowers?"

Came spring, and the iris flourished as if they were in a growing competition. In June they put on a blooming show that knocked my neighbor for a loop. He marveled at the "green thumb"—which was no more than following the rules. Iris planting or replanting time

George Patrick McKinney is shown after his arrest in Jacksonville, Fla., Tuesday on charges of robbing the Floral Park, N. Y., office of the Franklin National Bank of \$190,319.55 a year ago. Beat a cold jellied soup lightly with a fork before serving, then spoon into serving cups or other soup dishes. Garnish with slices of cucumber sprinkled with parsley or chives.

is at hand. They drowse awhile after blooming, but in late summer, they start getting ready for next spring. They fatten up their rhizomes and grow new leaves, as well as form next year's flowers.

The happy ending of the typical rags to riches story is the reward—the iris gained beauty. I gained iris, and my neighbor eventually got his iris back. Not the same ones, but divisions of the originals he had assigned to the rubbish heap.

Camera News

By IRVING DESFOR
The Associated Press

Talking of candid cameras, you can't beat the new one just unveiled by the Signal Corps Engineering Lab at Fort Monmouth, N. J., for long distance snooping on land. With its special 100-inch telephoto lens, it can record the scenery in clear detail up to 30 miles away, piercing haze and atmosphere with new, fast infrared film.

Did I say candid camera, meaning inconspicuous? Confronted close-up, the Signal Corps Peeping Tom is anything but! It weighs 120 pounds, is eight feet long with sunshade and takes two men to carry. However, when shooting pictures from a distance of 30 miles—or 20, 10, 5 and even 1 mile—the men and camera are definitely inconspicuous.

Made For Army

Of course it was developed for the Army with military use in mind. Detailed pictures of a battlefield or enemy territory could be taken with this camera when aerial photo flights were grounded or too dangerous. The height of the camera site and atmospheric conditions would determine how much of the 30 mile range would be recorded. The camera's nearest point of focus is 1500 feet and covers an area 105 feet wide. At a distance of 11 1/2 miles (the last setting on the range scale before infinity) it

covers a field of view which is 3-5 of a mile wide.

The special four-element lenses were ground to specifications, weigh 40 pounds assembled with a speed rating of f-12.5. They measure two feet from front to back, have a diameter of 9 1/2 inches and cover about a four degree angle. The 100 inches is the distance from optical lens center to negative plane being focussed on at infinity. The camera has a 5 x 7 inch back using cut film, plates or a roll film adapter with 30 exposure rolls. Any number of exposures can be sliced off the roll film with a built-in knife for immediate processing. Shooting continues with the remainder of the roll.

The shutter has ten speeds ranging from the fastest, 1-200th second, to 1 second, time and bulb exposures. The viewfinders are terrestrial telescopes with an outline showing the field of view. Focussing is accomplished by moving the back of the camera into position instead of the lens, because of its weight and size.

Besides facts and figures, how about actual photos? The Signal Corps hauled its new camera out on location in the New York and Washington areas and came back with pictures. I've seen prints of landmarks that were from 14 to 26 miles from the camera location that were clear and easily identifiable. It's another remarkable achievement in the field of photography.

GIVE DAUGHTER OWN BEAUTY SET

By The Associated Press

If your little girl wants to look like mama, she can—at least as far as her beauty care is concerned.

Youngsters, even the tiniest ones, ogle grownups with big eyes that say "me too" whenever lipstick, cologne or nail polish is brought into the open.

It's fun for a moppet to be a little lady in her own way. First treat her to a carefree and cleansing bubble bath, then let her use her own dusting powder and some young but feminine cologne or toilet water.

Nail Polish Is OK

While lipstick is not recommended for the kindergarten set, your child can look pretty and pink with some shiny-cased, real-looking pomade. Light pink or colorless nail polish gives luster to a dainty hand holding a glass of milk or stuffing a mouthful of cookies.

If she has the nail polish, why not back it up with her own petite manicure set of remover, cuticle cream, emery boards and orange stick?

Top off her bureau with a sewing kit, a pretty cosmetics case, some flowers and she's a lady—and looks it too.

TURNPIKE COMM. RECEIVES BIDS ON EXTENSION

HARRISBURG (P)—The Pennsylvania Turnpike Commission has fixed Aug. 31 to receive bids on another 5.33 miles of its north-eastern extension of the state's toll road.

The stretch of turnpike will run through parts of Milford Twp., Bucks County, and Lower Milford Twp., Lehigh County.

It will be part of the 110-mile extension to run from Plymouth Meeting, near Norristown, to north of Scranton.

Announce Toll Schedule
At the same time, the commission announced its toll schedule for the Delaware River extension running from Valley Forge, present eastern terminus of the main stem of the turnpike, to U. S. 13 north-east of Philadelphia.

Passenger cars will pay 50 cents to drive the 33 miles between Valley Forge and the Delaware Valley interchange—last stop to the east. The rate tops the one cent a mile average which prevails on long distance drives on the turnpike elsewhere.

Total Toll
The total toll on the cross-state route, to run 360 miles when the Delaware River extension opens Oct. 1, will be \$3.75. The western half of the Delaware extension is to be opened by Aug. 22.

Valley Forge is the present eastern terminus of the highway. With the toll from the Ohio state line \$3.25, drivers coming east from Valley Forge will pay additionally:

15 cents to Norristown interchange (near U. S. 422); 10 cents more to Fort Washington (U. S. 309); 10 cents more to Willow Grove (U. S. 611); 15 cents more to Philadelphia interchange (U. S. 1), and 15 cents to Delaware Valley (U. S. 13).

Totaled up this means a charge of 55 cents should every interchange be used, but rates are decreased for longer runs. Trucks and buses will pay higher rates throughout.

A bridge connecting the Pennsylvania and New Jersey turnpikes will extend from just east of U. S. 13, at Edgely, to near Bordentown, N. J.

State 'Ducks' Bill On New Fountain

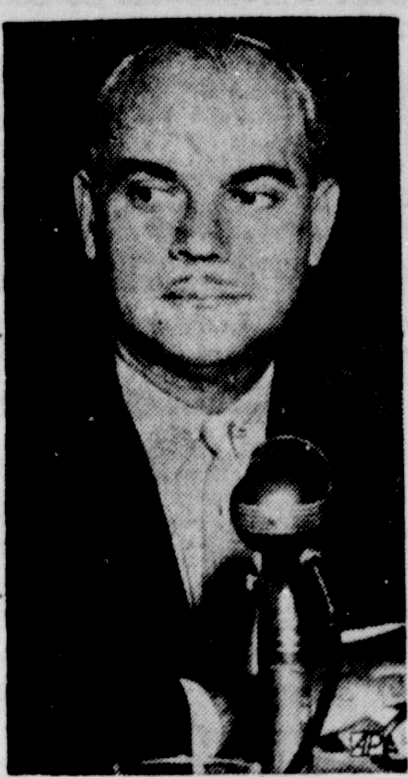

PITTSBURGH (P)—Pennsylvania has established a state park here complete with plans for a huge fountain. But it does not want to pay the water bill.

The fountain is designed to shoot a column of water 100 feet or more in the air. The column will eject 5,000 gallons of water a minute, but the water will be recirculated and there will be little loss. The city council, after investigation, agreed to pay the water bill.

Security Benefits Frighten Expert

DETROIT (P)—Robert C. Gilmore Jr., president of the National Assn. of Life Underwriters, told a Detroit audience that broadening of social security benefits would threaten America's thrift habit. He said: "If we move the incentive to work and save and build an estate, if we keep pyramiding government benefits for everyone, we will one day eliminate the need for savings banks, building and loan associations, life insurance and securities of all kinds."

May Close Doors On McCarthy Probe

WASHINGTON (P)—Six Senators assigned to weigh the official conduct of Sen. McCarthy (R-Wis.) were reported today to have decided to shunt their inquiry behind

closed doors if it shows signs of becoming unruly. Members said the six-man special committee had agreed informally to do all it can to avoid what many senators describe as the "circus" atmosphere of the McCarthy-Army hearings.

The group's success along this line appears to depend somewhat on McCarthy's attitude at the hearings now scheduled to open Aug. 30. McCarthy is known to have told friends he intends to cooperate with the committee, doing all he

can to get an early Senate vote. The Wisconsin senator told news-men his cross-examination of witnesses—which he may conduct personally—"will be kept at a very minimum."

NEW YORK (P)—The AFL Executive Council says the present Congress "has earned a vote of censure from the American people." The AFL, the council declares, will do all it can in the November elections to defeat congressmen

whose records show that they have "deserted the public interest." Unlike some other rabbits, the newborn snowshoe rabbit has its eyes open and can run around the day it is born.

SENATOR MUNDT SEES REPORT ON M'CARTHY BY FRIDAY, AUG. 20

By G. MILTON KELLY
WASHINGTON (AP)—Sen. Mundt (R-SD) predicted today a report by Aug. 20 on the McCarthy-Army row, stirred up anew yesterday by an Army statement voicing disbelief in a portion of the sworn testimony by Sen. McCarthy (R-Wis).

The Army said it does not believe that any Army officer gave McCarthy excerpts from a secret FBI report on suspected Communists in the Army, as the senator testified during the 36-day hearings.

McCarthy commented that he had no intention of getting into a

new debate on the issue. With the ground being laid to start a new Senate investigation of his official conduct on Aug. 30, McCarthy meanwhile called witnesses for resumption of public hearings his investigations subcommittee is conducting on alleged Communist infiltration of defense plants. He declined to name the witnesses in advance.

Quiz Mundt, Jenkins
And on another front a Senate rules subcommittee headed by Sen. Jenner (R-Ind) called Mundt and Ray H. Jenkins to give their views on whether the McCarthy-Army hearings showed a need for new "fair play" rules to govern Senate investigations. Mundt presided at those hearings and Jenkins was special counsel.

The prepared statement released at the Pentagon yesterday was in reply to reporters' questions about an Army investigation of McCarthy's sworn testimony in those hearings that a young Army intelligence officer gave him a 2 1/4-page document McCarthy offered in evidence. Members of the investigating subcommittee refused to read it.

The document purported to be a letter written by FBI Director J. Edgar Hoover to Maj. Gen. Alexander Bolling in 1953 when Bolling was assistant Army chief of staff for intelligence.

Army Investigating
Hoover sent word to the subcommittee that it quoted accurately from a 15-page report the FBI sent to the Army but he said it was not a copy of any letter he had written. Atty. Gen. Brownell ruled that its publication would be contrary to the national interest.

McCarthy refused to name the officer he said gave him the document in "disgrace" at superior officers' failure to heed its warnings. The Army then announced it was investigating the story, contending it would have been a violation of his oath and of federal law for any officer to give the document to McCarthy, a view the senator disputed.

Sheriff's Sale

IN PURSUANCE of a Writ of Fieri Facias issued out of the Court of Common Pleas of Adams County, and to me directed, will be exposed to Public Sale on Saturday, the 4th day of September, 1954, at 10:15 o'clock, Daylight Saving Time, in the forenoon, at the Court House in the Borough of Gettysburg, Adams County, Pa., the following Real Estate, viz: All the following described tract of land situate, being and being in the Village of Anvers, Menallen Township, Adams County, Pennsylvania:

BEGINNING at a point in center of Reading Railroad and public road; thence along said Railroad North 18 degrees West, 400 feet to an alley; thence North 82 1/2 degrees East, 105 feet to land now or formerly of D. C. Asper; thence along land now or formerly of D. C. Asper, South 10 1/2 degrees East, 384 feet to the public road; thence along said public road South 72 degrees West, 102 1/2 feet to the place of BEGINNING. CONTAINING 1 acre and 101 perches, more or less.

The real estate hereinbefore described belongs to the same which The Littlestown National Bank, by its deed dated the 27th day of May, 1954, recorded in Deed Book 185 at page 127, conveyed unto Penn Ceramic Manufacturing Company, Inc.

TOGETHER with all improvements, buildings and appurtenances, including all the plant or plants, machinery, appliances, apparatus, equipment, fixtures and fixtures of every kind now belonging to Penn Ceramic Manufacturing Company, Inc., and located on the real estate above described, and including the entire Penn Ceramic Manufacturing Company, Inc. plant and/or plants located in the village of Anvers, Menallen Township, Adams County, Pennsylvania, and all of the fixtures, machinery, equipment and facilities upon the said premises intended for permanent use as a manufactory and/or plant, part of its operating plant and/or plants, excepting, however, those assets represented by processed products and manufacturing supplies and motor vehicles. Seized and taken into execution as the property of Penn Ceramic Manufacturing Company, Inc., and to be sold by me as Sheriff.

YOUNG CARDINAL WHIPPING JINX

The Associated Press
ST. LOUIS—Ray (Jabbo) Jablonski, St. Louis Cardinal third baseman, may become one of baseball's few consistent .300 hitters.

The 27-year-old Chicagoan, batting .321 after 87 games, has improved his average 53 points over a good rookie season. All year he has been among the National League's top 10 in batting and first five in runs batted in.

Why the big improvement?

Natural Hitter
Cardinal Manager Eddie Stanky who calls Jabbo a "natural" right-handed hitter, says the main reason for the improvement is that he by-passed winter baseball.

Jabbo agrees, and says his efforts to become a "place" hitter have paid off.

"I think I'm also watching the ball better," he says. Figures show he already has almost as many walks as in all of 1953, and is striking out less often.

Praised by Musial
Stan Musial tabs Jablonski as definitely a .300 hitter. His temperament is ideal and he isn't the type to make a slump worse by worry," says Musial.

"He thrives on a tough situation. That's why he is a good man to be behind Musial," says Stanky. Jablonski's 21 homers and 112 RBIs were Cardinal rookie records. He is keeping pace with 11 home runs and 76 runs batted in

HEY, NOT SO FAST!—Rachel Lysley, four years old, of Suffolk, England, tries to manage three Saluki dogs before competition at Saluki Society show in Rochampton.

after 87 games this year. The old St. Louis rookie marks were set by big names, Johnny Mize, with 19 homers and Joe Medwick with 96 RBIs.

Spray Hitter
No one expects him to duplicate Mize's homers because he sprays hits to all fields as Medwick did. "I don't try to pull the ball over the fence—just meet it," says Jab-

bo. Jablonski played 249 consecutive games since taking over third on opening day last year. A pulled muscle forced him out on July 23. His 157 games was a league rookie record and tied the league mark.

His fielding, especially throwing, has been spotty. But Stanky isn't concerned—"For every game he loses with his glove, he wins

10 with his bat." Jablonski seems certain of whipping the so-called "sophomore jinx" which has afflicted many players after a big rookie year.

In the Middle Ages, the use of certain furs for garments was almost a badge of office—for instance, the use of ermine by judges.

Viscious Hoot Owl Kills 100 Turkeys

SYKESVILLE, Md. (AP)—More than 100 young turkeys on a nearby farm were killed yesterday by a dive-bombing hoot owl.

Leonard S. Brushwood, who operates the turkey farm, said the owl got into a pen where he had about 250 turkeys. Shortly after sunrise, Brushwood said he saw the owl using its big wing-spread to corral the turkeys, all 8 weeks old and weighing about 4 pounds each, into a corner.

Brushwood said he shot the owl and found it had bitten off the heads of more than 100 birds.

Barr And Horst Wrangle Over Budget, Sales Tax

By JOHN KOENIG JR.
HARRISBURG (P)—Sen. Joseph M. Barr, state Democratic chairman, said Wednesday Republicans are "letting the cat out of the bag" in declaring a quarter of a billion dollars will be needed in new taxes by 1956.

"Horst admits that the state's budget is beyond control by a Republican administration," Barr told a newsmen.

"Only a new administration at Harrisburg can make the fearless review of state expenditures and state taxes that is needed."

Answer To GOP
Barr's remarks were in answer to a declaration by Republican State Chairman Miles Horst that Democrats have come forward with no answer to providing for the cost of state expenditures should the state sales tax be abandoned.

"Everybody is asking who is going to foot the bill," Horst said. "But no one seems to know, including Leader. Apparently, Barr and McCloskey haven't told him."

Horst referred to Sen. George M. Leader, Democratic candidate for governor, State Chairman Barr and State Finance Chairman Matthew H. McCloskey.

Raps Republicans
Barr, in answer, declared that "there is no question, based on the record, of how the Republicans will handle state finances" should they be re-elected to office in November. "The Republicans put on the sales tax," Barr said, "if they are returned to control of the state government, they plan to increase it and broaden it to cover articles presently exempt."

"Wood has declared for the present (Gov. John S.) Fine sales tax. To get more money, they (the Republicans) will double its rate at the next session or slap it on to food and clothing necessities that are not now taxed," he said.

Face Tax Problem
Lt. Gov. Lloyd H. Wood is the Republican candidate for governor opposing Democratic candidate Leader, 36-year-old York County poultry farmer.

Horst said that should the Democrats be elected in November and permit the state sales tax to elapse they would face the problem of raising a quarter billion dollars in new taxes to continue state services.

The GOP state chairman said lapsing of the sales tax alone would mean the loss of 135 million dollars per biennium. Another 100 million, he said, is needed to meet education and other costs already authorized by previous legislative sessions. The remainder of 15 million would go for additional appropriations that can be expected from 1935 Legislative projects.

Horst concluded that should the Democrats be elected and boost taxes on business and industry "it will cost thousands of workingmen their jobs and cause suffering for everyone in Pennsylvania."

Barr replied that as far as unemployment in Pennsylvania is concerned, "the Republican ad-

ministration spokesmen should be the last people to mention it."

"Under Fine in Harrisburg and the Republicans in Washington, depression times have come to the coal, railroad, textile and steel industries in our state," he asserted.

"The restoration of full employment in Pennsylvania will be the main objective of the Leader administration," he added.

Trusted Employee Grabs Payroll Cash

NEW YORK (P)—Eleven years ago Albert Dorsey was paroled on a burglary sentence and given a job by a Brooklyn shoe factory.

The 54-year-old Dorsey became the firm's "most trusted employee."

Yesterday, as paychecks were being handed out at the plant, Dorsey suddenly grabbed \$3,750 in payroll envelopes from a woman bookkeeper and fled.

Factory vice president Samuel Dones said:

"I would have trusted him with anything. I even let him keep a set of keys to this place. Why did he do a thing like that?"

5th Cease Fire Effective Today

SAIGON (P)—The fifth and final cease-fire in Indochina took effect Wednesday, officially ending the world's last active war. But the peace stirred no fanfare in this capital city of South Viet Nam.

Commanders of the French Union troops and the Communist-led Vietnamese ordered their opposing forces to lay down their arms in South Viet Nam at 8 a.m.

SURPRISE PACT TO CURB DEBATE SPEEDS CHANGE OF ADJOURNING

By RUSSELL BRINES

WASHINGTON (P)—A surprise Senate agreement to curb debate on atomic energy legislation today boosted chances for speedy congressional adjournment but left prospects for the disputed bill in doubt.

The agreement, reached late last night, brings the compromise measure to the Senate floor tomorrow under a talk limit of three hours.

When the bill went through the Senate last month it prompted 169 hours of argument, including four days of round-the-clock speech-making, and a majority leader Knowland of California said this week Congress' go-home date depends on whether there is "another filibuster" on the measure.

He postponed the adjournment target date from this Saturday to sometime next week — or later.

No Objections
There was no objection and no questioning from the floor when Knowland offered the unanimous consent arrangement last night, saying Democratic leader Lyndon B. Johnson of Texas had helped him frame it.

This means the bill, a major feature of the Eisenhower legislative program already approved by the House, will go to the President for signing if the Senate concurs. If it doesn't, the measure may go back to Senate-House conference for another try at compromise.

Recruit Smathers
The legislation provides for a sweeping new atomic program allowing private operation of civilian

After Robbery He Gives Up Alarm

CHICAGO (P)—Milton Wishnick, 41, discontinued a burglar alarm service for his North Side drug store on July 1 because, he said, it was "too expensive and unsatisfactory." Burglars yesterday broke into the drug store, which also is a postal substation, and stole \$1,020 in cash, \$1,000 in stamps, 500 money order blanks, a quantity of saving stamps, a portable floor safe and \$500 worth of cigarettes.

nuclear plants, a limited sharing of information with America's allies and other changes in the basic 1946 atomic energy law. But the debate-curbing agreement left uncertain the bill's prospects for final passage without further change.

Senate critics, who want to send the measure back to conference with instructions to take disputed patent provisions out of the compromise version, today won a new recruit in Sen. Smathers (D-Fla.).

Smathers said he would support the effort to substitute compulsory patent-sharing for a provision in the revised bill that would permit regular, exclusive patents on civilian atomic developments.

Errant Angler Hooks Pocketbook

BUCKROE BEACH, Va. (P)—Mrs. Virginia Bonura doesn't think much of the fishing at this Chesapeake Bay resort.

Here for a vacation with two friends she entered her cottage just in time to see her pocketbook containing \$227 going out of the window at the end of a fishing line. The thief landed the pocketbook and escaped despite her yells for aid.

FIND FARMERS DIPPING INTO WINTER FEEDS

HARRISBURG (P)—Field agents of an emergency drought committee today continued their survey in southeastern Pennsylvania to determine what the prospects are for winter stores of feed.

If they are found seriously depleted, the area might be declared a drought emergency area in specific districts. This would allow farmers in those areas to get surplus federal feed at reduced prices.

The emergency committee, headed by C. E. Cassell, chief of the U.S. Agricultural Stabilization and Conservation Committee for Pennsylvania, will go over the situation Friday.

Feeding Winter Stocks
Meanwhile, the State Agriculture Department noted that feeding hay, grass, silage and green feed to livestock has become common as farmers dip into their winter reserves weeks ahead of time.

Second cuttings of hay made low yields, some pastures and hay seedings are still brown while in other sections the pastures and third cutting alfalfa are greening.

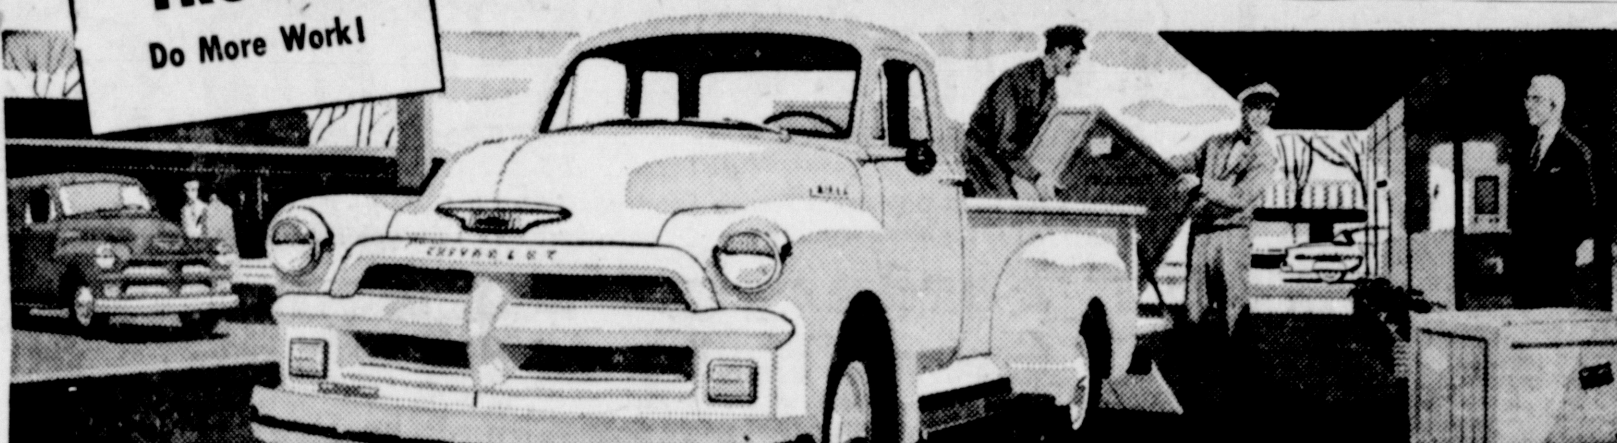

Statewide rainfall averaged 1.45 inches for the week, the first time above normal since early June. Temperatures averaged 2 degrees below normal for the week. Many parts of the southeast area received more than 2 inches of rain.

DIES OF POLIO
NORRISTOWN, Pa. (P)—Marine Sgt. Bruce Titman, 23, of New Britain, died of polio yesterday after being stricken Sunday while home on leave. A graduate of Doylestown High School and Wake Forest University, Titman had been in the Marines 2½ years.

PLCB STARTS CRACKDOWN ON SELLING DRINKS TO MINORS IN PA.

HARRISBURG (P) — The State Liquor Control Board has begun a statewide crackdown on Pennsylvania bartenders selling intoxicating beverages to minors.

The board announced its plans yesterday to arrest on the spot and prosecute as individual violators of the State Liquor Code any bartenders caught selling liquor to minors.

Chairman Frederick T. Gelder said district enforcement officers have agreed to strong measures against the sales to minors.

At the same time the board announced a general reorganization of top officers in its nine enforcement districts effective Monday.

Called "Routine"

Gedler said Tuesday the reorganization was "routine but long

delayed."

"The transfers are no reflection on any one man," he said, "The whole move was made merely in the interest of better liquor law enforcement."

He said the last wholesale transferring of district supervisors was accomplished seven or eight years ago.

The transfers will see J. D. Carreau, District 1 supervisor, Philadelphia, go to District 6, Williamsport.

Transfers Revealed

W. R. Wilson, District 9 supervisor, Allentown, will replace Carreau at Philadelphia. Wilson had been serving as acting supervisor at Pittsburgh, District 4.

C. J. Campbell, District 3, Harrisburg, will switch with Estey Jimcousky, District 8, at Erie.

Other transfers:

L. J. Owens, Williamsport to Pittsburgh; J. F. Curran, District 2, Wilkes-Barre, to Allentown; M. L. Gemberling, District 5, Altoona, to Wilkes-Barre; C. W. Newell, District 7, Punxsutawney, to Altoona.

Newell will be replaced at Punxsutawney by R. D. MacBean, assistant supervisor at Allentown, who will be supervisor at the Jefferson County city.

KIDNAPED GIRL FOUND SAFE ON RECTORY STEPS

NORTH BERGEN, N.J. (P) — Three-year-old Sharon Yacko, object of an intensive search since she vanished from an orphanage Saturday, was found unharmed on the steps of a church rectory Tuesday night.

Police said they would continue their hunt for the person who kidnaped Sharon from her bed. The blonde child was left on the steps of the rectory in nearby Union City by someone who fled before his doorbell ring could be answered.

Police Commissioner Patrick Sullivan said Sharon was too confused and tired to give any account of what happened to her. All she said was that a "man got her clothes."

Priest Finds Girl

At St. Joseph's Roman Catholic church in Union City, the Rev. Vincent Frahligh said he was watching television when the rectory bell rang three times.

When he got downstairs, he found Sharon sitting on the top step.

Taken to police headquarters, Sharon wouldn't say anything until two nuns from the Catholic orphanage arrived.

In Good Health

Then after midnight, the child's mother, Mrs. Ann Yacko of Kearny, arrived.

Police surgeon Harold Baldini said Sharon appeared in good health except for a slight rash. The child was covered with mosquito bites and had several scratches on her legs.

Sharon's mother is separated from her husband, identified as a salesman in West Virginia. Police said Sharon had been placed in the orphanage by the Associated Catholic Charities of Harrison.

FIVE TRUCKS ROLL ON

Hospital Director Sued For \$250,000

DOYLESTOWN, Pa. (P) — A Levittown doctor filed a \$250,000 libel suit in Bucks County Common Pleas Court on Tuesday against Frank F. Flatch of Bristol, a director of the Lower Bucks County Hospital.

Dr. Glenn W. Bricker's statement charges Flatch with issuing a circular which gave "false, scandalous and libelous statements about Dr. Bricker." The Physician claims he has suffered loss of professional reputation, peace of mind and a financial loss from the alleged circular.

The circular arose from alleged attacks Dr. Bricker made on the naming of a medical staff for the new \$3,500,000 hospital at Bristol.

PANSY TRIUMPH

KALAMAZOO, Mich. (P) — Kalamazoo, which proclaims itself the nation's Celery Capital, now is laying claim to another title. It is that of Pansy Capital. Growers here shipped more than a million plants in the 1954 setting season. Kalamazoo claims that was a fourth of the nation's total commercial output for replanting purposes.

The most powerful atom smashers are huge circular affairs, the largest having a diameter more than twice as great as the length of a football field.

POLICE NAB TWO IN NUMBER RAID

HARRISBURG (P) — State police today counted 60,000 treasury balance slips they said were seized in a raid on a house in nearby Linglestown. Police valued the slips at \$26,000.

In the raid Tuesday, which was the third and largest of the year in this area, police said they also confiscated \$1,000 in cash.

Arrested on charges of operating a lottery were: John Santoni, 30, of Taylor, near Scranton, and Steve Schonefeld, 44, whose home police raided.

Joint Operation

Dist. Atty. Huethe F. Dowling, Dauphin County, said state police raiding Santoni's home found an additional 100,000 tickets worth \$60,000.

The raid was a joint operation under direction of Maj. C. C. Keller, of the state police, and Dowling.

TOUGH ON TREES

WHALEYVILLE, Va. (P) — An automobile went out of control here, leaped a ditch and came to rest in a tree. Trooper Joe Bryant reported that three occupants suffered only minor cuts but the tree had to be cut down to get the car back to earth.

Demand Is Slight For Softest Metal

TRAIL, B.C. (P) — At Kimberley, 90 miles northeast of here, is perhaps the world's largest source of indium, which may turn out to be a 20th Century Cinderella metal.

Scientists are seeking new and wider uses of his silvery white element, one of the softest metals known. Indium resembles alumin-

um and thallium in its properties. It is almost soft enough to be chewed.

Indium is used as an indicator in atomic piles since radio-activity can be induced easily in the metal. As an ingredient of solders, it lowers the melting point considerably. An indium-tin alloy makes effective glass-to-glass and glass-to-metal seal. Applied to bearings in some aircraft and racing engines it has valuable antiseizure qualities.

The mine at Kimberley could produce about a million ounces annually, though production is much less because the demand is small.

News Of Special Interest To The Residents Of Emmitsburg And Vicinity

MOUNT FACULTY MEMBER EDITOR FOR NEW BOOK

Dr. Gilbert L. Oddo, assistant professor of history and political science at Mount St. Mary's College, Emmitsburg, Md., is the editor of a new book "These Came Home" published by Bruce this week.

"These Came Home" is an odyssey of 15 convert to the Roman Catholic Church. Most of the persons whose stories are compiled by Dr. Oddo hold prominent positions in their professions. Among them is Alexander Wells Peck, whose father heads the successful clothing firm of Peck and Peck. Peck is now a Trappist monk stationed at St. Joseph's Abbey, Mass.

Others whose stories are chronicled here are Faith Petra Eymann, opera and musical comedy star; Dr. Eva-Mara Jung, formerly a special religious consultant for the National Conference of Christians and Jews and now associated with the Institute of World Affairs; Justine Krug, who helps handle the State Department's high school program; five former ministers, two writers, a public servant, the wife of a distinguished author and critic, an English war bride, and a teacher.

Dr. Oddo received his B.A. from Union College in 1948, his M.A. and Ph.D. from Georgetown in 1950 and 1952 respectively. From 1951 to 1953 he served with the Bureau of Information of the National Catholic Welfare Conference, where he was assistant to the director of the Bureau. He was appointed to the faculty of Mount St. Mary's in 1953.

Besides his recent work, Dr. Oddo has authored many articles for En-

Hays Restricts Use Of Water

According to an announcement by Samuel C. Hays, president of the Emmitsburg Water Co. the following restrictions have been placed on the use of water: No car washing, no watering of lawns, gardens, etc., no water to augment supplies in rural areas. Violators of the restrictions will be subject to discontinuance of service.

Hays announced that there was no drastic water shortage at present, but that the restrictions were imposed to head off any such acute shortage as happened last summer. Water is being pumped into reservoir No. 2 at present.

St. Joseph Student Is CSMC Speaker

Alben Anne Ehrensing of New Orleans, La., a student at St. Joseph College, Emmitsburg, has been named as a speaker at the 16th national convention of the Catholic Students' Mission Crusade, to be held at the University of Notre Dame, according to word received from Msgr. Edward A. Freking, director of the national crusade center in Cincinnati. Miss Ehrensing will participate in a discussion of foreign student relations.

General objective of the crusade convention will be formulation of a program of action for Catholic students in the U. S. aimed at strengthening the Christian position in this country and other parts of the world in the face of anti-religious forces which are recognized to be on rise.

Emmitsburg X-Ray Date Is August 23

The Frederick County Tuberculosis and Public Health Assn., has announced that the annual mass chest x-ray mobile unit will visit Emmitsburg on Monday, August 23. The unit will be stationed at the Toot Shoe Co. from 10 to 11 a.m.; Emmitsburg Manufacturing Co. from 11:30 a.m. to 12:30 p.m., and to the general public in front of the VFW on the Square from 1 to 4:30 p.m.

VOTERS REGISTR

The registrars will be in the Emmitsburg District at the Fire Hall on Aug. 25 to register, transfer and give removals to those desiring them. Nearby districts may also register, transfer and receive removals. Hours will be from 2:00 to 8:00 p.m.

Tom's Creek Methodists To Celebrate 50th Anniversary

A celebration will be held August 29 by members of the congregation of Tom's Creek Methodist Church in observance of the 50th anniversary of the dedication of the present church located three miles southeast of Emmitsburg.

The first edifice at Tom's Creek was erected in 1757, almost 200 years ago, at least 30 years before the town of Emmitsburg was established. A jungle of undergrowth and dense forests surrounded the first structure where the Indian "yet lingered on his ancient hunting-grounds."

In the history of the period it is noted that an Indian raid took place near Emmitsburg as late as 1756, one year before the church was founded. The same year in which the building was erected, Samuel Emmitt took out a patent for 2,250 acres May 17, 1757. Associated with him was another Irishman, grandfather of Francis Scott Key, author of the Star Spangled Banner, whose ancestral home lies in the same Monocacy Valley.

Ask No Emergency Rating For Maryland

The Maryland drought committee under the chairmanship of George J. Martin, Emmitsburg, will not ask that Maryland be regarded as an emergency drought area. At their last meeting on Monday night committee members decided that few Maryland farmers would be qualified for federal assistance even if an emergency were declared.

The committee noted that county reports showed hay plentiful and that farmers needing

A full day of events will take place it was announced at a recent congregational meeting, with the Sunday School service opening at 9 o'clock that morning. The worship service will be conducted at 10 o'clock by the pastor, Rev. Paul H. McCauley, of Thurmont. Between 11 and 2 o'clock in the afternoon, a period of fellowship will be held for former members and friends of the congregation. A free lunch will be served by the women of the parish between noon and 1 o'clock.

At 2 o'clock a special service will be presented including a history of the church, music and remarks by former pastors. Dr. Harry C. Marsh, district superintendent of the Hagerstown district.

The committee includes: general chairman, Rev. Mr. McCauley; vice chairman, Ambrose Eckenrode; invitations, Mrs. Carrie F. Long; program, Robert Baumgardner; refreshments, Mrs. Edgar Emrich; publicity, John M. Fuss Jr.

Former members and friends of the congregation are invited to the services.

funds could apply to the Farmers Home Administration, the Production Credit Association or local banks. The committee added that if conditions in Maryland grew worse, a later request for designation as a drought area could still be made.

The group recommended that farmers help ease the feed problem by culling and selling poor animals, rotation grazing, and use of emergency pastures such as small grain which may still be seeded.

SEVENTEENTH STORY MEN

OMAHA (AP)—Burglars who rifled several offices in a downtown Omaha building entered the building through a 17th floor window, detectives said, scaling an outside fire escape to reach it.

Who's the harder worker?
Even on the hottest days, Dad has to work from sun to sun. But the telephone's work is never done. It's on the job around the clock. When you stop to think of the time it saves, the travel it saves and the money it saves, your telephone is one of your best buys.

A smile from Mom on Monday?
Sure! Because the children are carrying out the clothes, Dad has fixed the washing machine and now he's putting up the new clothes line. Co-operation makes even a big wash easier. Helps a lot on the party line, too! When you share the line with your neighbors and hang up carefully after every call, everybody gets better, more valuable telephone service.

MUSICAL STARS FLEE NEW YORK TO MAKE GLOBAL SUMMER TRIPS

NEW YORK, (AP)—This place must be poison to music people in the summertime, judging by the way they clear out.

Two or three months ago you could run into a famous violinist any day along 57th St., or a pianist in such-and-such a restaurant. Or a conductor on Fifth Ave. Seven or eight times a week the big names played or sang in Town Hall, or the Metropolitan Opera.

Except for those who come back for an occasional night at Stadium Concerts, they have now flown, or sailed, east or west for foreign parts—Australia, Japan, England and the Continent, all the historic cities and picturesque vacation spots.

Bing On Vacation
At this moment Rudolf Bing, the Met's general manager, is in the Italian Dolomites having a rest. But he has been on his annual all-European tour ranging from Berlin to Vienna, and is due soon to set out again on his travels.

Dimitri Mitropoulos, music director of the New York Philharmonic, is also on vacation at this moment, visiting friends in Florence. But he didn't find time to relax and play with his hosts' family of dachshunds until he'd turned in a lot of work. He conducted in Milan, Florence and Venice, and returned to Cologne and Munich to do his first concerts in Germany in more than 20 years. He gets back into harness for Salzburg festival late in August.

Toscanini, now in retirement, in or near Milan.

Among the Philharmonic's usual

guest conductors, Bruno Walter, just back from Europe, is in California; and George Szell, who regularly holds the Cleveland post, and Guido Cantelli are both in Europe.

A boy from Brooklyn and a girl from Astoria, Long Island, are just about now having a sentimental reunion in Milan's La Scala. They are Richard Tucker and Maria Meneghini-Callas. They made their Italian debuts together in 1947, and never did a soprano cling to her tenor the way she did to him: She had a badly sprained ankle and could hardly stand up. Now they meet again for the first time since to record "La Forza del Destino" for Angel Records.

Singers In Demand
Among Bing's singers abroad are Blanche Thebom, who has made three appearances in Iceland and is currently in Vienna; Lucine Amara, to sing at Glyndebourne and in Florence; Margaret Harshaw, engaged by Covent Garden; Hilde Gueden, for Vienna and Salzburg; Victoria de Los Angeles in Barcelona to rest, to record and to sing in public; and Kurt Baum and Ramon Vinay pretty much all over the place. Jerome Hines is being heard on two continents, first in Buenos Aires and then in Munich.

Among Bing's cohorts in Europe are his assistant, John Gutman; his conductors Fritz Stiedry and Fausto Cleve; and stage manager Herbert Graf.

Isaac Stern is fiddling in Australia and Singapore and then goes on to Israel. Yehudi Menuhin has just one to Europe. Jascha Heifetz is just back from Japan. Arthur Rubinstein is touring Europe. Rosalyn Turek is playing London, Ireland and Scandinavia, and Igor Gorin goes abroad in August.

DON'T SAW WOOD!
RALEIGH, N.C. (AP)—The next time Felix Goble has wood to cut, he won't set up his power saw near his chicken run. He says the noise caused the flock to panic and 95 chickens were smothered when they huddled in a corner.

FROST PAINTINGS ARE HONORED AS 'PRIMITIVES'

MARBLEHEAD, Mass. (AP)—The recognition which was denied John Orne Johnson (Jack) Frost in life is coming to him at last—a quarter century after his death.

The paintings which he produced with a loving but unpracticed hand in his 70s and couldn't sell or even give away when he tried to peddle them in a wheelbarrow have been on view this summer in New York, and are scheduled for showings in the art capitals of Europe. Individual paintings shown at a Boston gallery this summer were priced at \$200 to \$1,400 each.

Fisherman's Sights
They are winning recognition as primitives. Jack Frost undertook to preserve old Marblehead, where he grew up, and the scenes he saw when he sailed as a fisherman to the Grand Banks of Newfoundland.

Frost, born in 1852, had little education. Cobbler's helper, carrier of coal, he shipped as a fisherman to the Grand Banks at 16, but was also a restaurant worker, and finally, restaurant owner.

In their later years he and his wife, Amy, sold flowers and charged tourists a small fee to visit their home and see a curious pile of "musical rocks" supposedly assembled by Indians. These gave off musical notes when struck with a stone.

After her death in 1922, Frost at 70 began to paint.

Perspective Trouble
From memory and scrapbooks his paintings grew in number. He once explained how a visiting artist had helped solve the problem of perspective.

He pointed to a waterfront scene and wharves.

"You see them wharves," he said. "I couldn't make 'em lay

flat. They stood straight up in the air. This artist. He showed me how to paint them sort of sideways, on an angle, so they'd stay down in the water."

He pointed to a fishing schooner on the Grand Banks and what appeared to be a scene of a remarkable number of vessels engaging in incredible activity. This was more than a painting—it was a sort of movie, he suggested.

Composite Picture
What appeared to be many dories was just one, first being lowered away, then being rowed by its crew away from the ship, setting trawls, later hauling the trawls in, and finally being picked up by the schooner. All this in one painting.

A large part of Frost's 150 paint-

ings went to the Marblehead Historical Society after Frost's death in 1929—given to the society by Frost's son.

Mrs. Betty Carpenter, Boston collector and critic, found more of Frost's work and bought all she could, including his diaries and scrap books. Still others were later found nailed into the walls of the old man's house where in his lifetime, he had used his unappreciated paintings as insulation.

He had poured out the story of the old Marblehead that had ceased to be where, in his own carefully inscribed words: "Man lived in Paradise (sic) and did not know it."

The Helenas hummingbird of Cuba, 2½ inches long, is rated as the smallest bird in the world.

LIST WINNERS AT PENN STATE

STATE COLLEGE, Pa. (AP)—Pennsylvania farm boys and girls waited anxiously today to find out how they fared in judging competition in the 30th annual statewide 4-H Club Week celebration.

Winners in some divisions were announced Tuesday night at the close of judging of livestock, fruits and vegetables and other farm products.

Winning teams were: Vegetable judging — Bradford County Team; York and Lancaster teams tied for second place. Livestock — Lancaster County.

PLUMBER IS GOOD COP

ADVERTISE IN THE TIMES

Shoe Size Floors Skating Attendant

RICHMOND, Va. (AP)—The skating rink attendant asked Johan Herman Bartelink what size shoe he wore when Bartelink asked for skates.

"A 41 or 42," he told the startled attendant. While American companions laughed it was determined that Bartelink didn't have big feet—a size 7½ was the equivalent of a 41 or 42 in his native Holland.

light mayonnaise

LIGHT TO TASTE . . .
LIGHT TO EAT!

NEVER LOOKS OILY . . .
NEVER TASTES OILY!

THIS IS IT! A mayonnaise so extra good you want to eat it by the spoonful! Eat all you like! You can thank Mrs. Filbert—the old-fashioned weighty heaviness is gone.

Here's the modern mayonnaise. It goes with today's lighter eating. Rich in extra eggs . . . yet light—the mayonnaise you thought couldn't be made until Mrs. Filbert made it.

She's done it a woman's way. It's genuine mayonnaise—but like no other mayonnaise. Fluffier on your fork . . . less filling to eat . . . and never an oily after-taste. Only a woman could make it so good!

What's Mrs. Filbert's secret? Extra eggs. Foamy egg yolks and delicate egg whites. Salad oil so light it fluffs away. Gentlest vinegar. Real lemon juice. Even her spices are soft-flavored.

Tonight, heap Mrs. Filbert's on your fork—see how light! Taste how fresh! You'll never again weigh your salads down with heavy mayonnaise!

PA. DEMOCRATS WIN BACKING OF RR TRAINMEN

HARRISBURG (AP)—Sen. George M. Leader, candidate for governor, and the entire Democratic November ticket won endorsement today of the Brotherhood of Railroad Trainmen and two affiliates.

In promising strong support for the Democrats the railroad workers organization criticized the national Republican administration for taking "mounting unemployment for granted" and said the state administration "seems helpless" in the face of the problem.

"Our endorsement is not mere lip service," declared Charles J. Sludden, chairman of the Cooperative Legislative Board of the Brotherhood of Railroad Trainmen, its Ladies' Auxiliary and the Order of Railway Conductors.

"Mean Business" "We mean business. We are backing up our endorsement with on every front," he said.

All three organizations went on record as supporting Leader for governor, Roy E. Furman for lieutenant governor and Genevieve Blatt for secretary of internal affairs as well as Judges Chester H. Rhodes, P. Clair Ross and Robert E. Woodside for Superior Court. "Sen. Leader has been one of our best friends in the Pennsyl-

vania Legislature," Sludden said in a statement.

Political Action As Weapon "Roy Furman is well remembered for his part in the enactment of a great social and labor program when he was speaker of the House. Miss Blatt has been one of labor's best friends over many years."

Sludden said the "slowdown of production in Pennsylvania has been felt in Brotherhood ranks as well as in the other fields of labor."

"The livelihood of our people is seriously threatened as the layoffs increase," he said. "The major weapon left now to labor is political action."

Over 30,000 Idle "We propose to use that weapon, as a matter of survival, in behalf of candidates who are pledged to reverse the downward trend which Republican economic policies have launched."

Sludden said Railroad Retirement Board current figures show that out of a normal 130 to 140 thousand employed railroaders in Pennsylvania there now are only a little over 100,000 working.

The 26,533 unemployed workers, he said, include 8,991 in Altoona, 4,189 in Harrisburg, 4,135 in Philadelphia, 7,109 in Pittsburgh, and 2,109 in Scranton.

If the number of cricket chirps per minute is divided by four and added to 40, the resulting number will usually be the approximate temperature of the air in degrees Fahrenheit.

PAIR IS KILLED AS LIGHT PLANE FALLS IN STORM

POTTSVILLE, Pa. (AP)—A light plane winging through violent local storms crashed into scrub oak atop Broad Top Mountain on Tuesday killing the pilot and passenger, both from Weedsport, N. Y.

Wreckage of the aircraft was discovered shortly before dusk Tuesday evening. State police and volunteers trudging through the thick underbrush located it two hours later by the light of the moon glinting from the crumpled wings.

Both occupants were dead. Rescuers worked more than an hour to pry the bodies from the crumpled wreckage. The victims were identified by state police as:

Flying To Ithaca J. Walter Marshall, the pilot, and Christian B. Lehman, passenger, both of R. D. 1, Weedsport, near Ithaca N. Y.

The plane had left Lancaster, (Pa.), Airport during the morning, and was en route to Ithaca. A direct course between the two cities would have taken the craft close to the mountain which is near Frackville in this eastern Pennsylvania anthracite area.

Time of the crash was not determined immediately but normal flying time for the light (Taylorcraft) plane over the distance would be slightly more than one hour. Residents recalled that a series of violent local storms swept through the Frackville area after 9 a. m. Tuesday and it appeared likely that the plane had crashed during a storm.

Spotted From Air Paul Richard and Manuel DeGrazia, on an evening flight from Gordon Airport, near Pottsville, spotted the wrecked plane atop the mountain and landed immediately to report to state police. The crash scene is 1½ miles from the nearest road and emergency parties had great difficulty reaching the area and locating the plane in the darkness.

After the bodies had been removed the Ashland (Pa.) Civil Air Patrol plane over the distance would be slightly more than one hour. Residents recalled that a series of violent local storms swept through the Frackville area after 9 a. m. Tuesday and it appeared likely that the plane had crashed during a storm.

STATE BEGINS TOUHY BATTLE

CHICAGO (AP)—The state has started its legal fight to return Roger (The Terrible) Touhy to prison to complete serving his long sentences.

Unit established a guard over the plane pending investigation today by the Pennsylvania Aeronautics Commission.

In Weedsport, a clergyman at the Marshall home said on Tuesday that Marshall and Lehman had left there Sunday to visit relatives in Pennsylvania.

Federal Judge John P. Barnes' ruling Monday freeing the 55-year-old prohibition era gangster from Stateville penitentiary will be appealed by the state. Notice of appeal was filed on Tuesday with the clerk of federal district court by Illinois Asst. Atty. Gen. Ben Schwartz.

Touhy, who had served 20 years of a 99-year sentence for the kidnapping of John (Jake The Barber) Factor, is at liberty on \$10,000 bond. But Schwartz said the state will seek to have Touhy returned to custody pending outcome of the appeal. He said the state has 40 days in which to file briefs in support of the appeal.

Touhy, in seclusion following his release on bond Monday, is sched-

RICHARD HUDNUT introduces

Pink Suds

More effective than soap, yet as gentle as cream, this scientific, deep-cleansing lotion-wash gently, completely rids pores of clogging dirt, grime and stale make-up. And good news for teen-agers, it helps free the skin of blackheads and externally caused blemishes. No alkaline irritations. No flaky-dry, or pulled-tight feeling. Just a few drops of normalizing PINK SUDS will wash your skin whistle-clean, leave it clearer, smoother, baby-soft!
